

CHEROKEE COUNTY BOARD OF COMMISSIONERS
CDBG-HOME PROGRAM PY 2024

Consolidated Annual Performance Evaluation Report (CAPER)

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

In accordance with 24 CFR 570, Cherokee County CDBG Office has prepared this Consolidated Annual Performance and Evaluation Report (CAPER) for the period of January 1, 2024, through December 31, 2024. The CAPER represents the County's progress in carrying out projects and activities pursuant to the Program Year (PY) 2024 Annual Action Plan for the Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) received from the United States Department of Housing and Urban Development (HUD) that benefits low- to-moderate-income persons who live in Cherokee County.

The 2024 CAPER describes and evaluates how Cherokee County invested formula funds from HUD to meet affordable housing and community development needs as contained its Five-Year Consolidated Plan covering the period of January 1, 2024, through December 31, 2028. The 2024 CAPER and other planning documents may be accessed through the County's website at www.cherokeecountyga.gov/cdbg.

Cherokee County continues to make progress with CDBG and HOME funds by increasing the supply of affordable, permanent housing, improving public infrastructure, increasing public services, public facilities, housing prevention, and home repairs for vulnerable households.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Cherokee County continues to see an increase in demand for affordable housing, rental assistance, food, utilities assistance and minor home repairs for seniors. The County's community partners continue to assist our vulnerable populations but with the increase in cost of living/inflation and increased rents, the demand can sometimes outnumber the staff and funding. Cherokee County allocates funds based on the priorities outlined in the County's PY 2024 Consolidated and Annual Action Plan. CDBG and HOME funds meet HUD's mandate and improve housing accessibility and affordability and quality of life for the low-to-moderate income residents.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

	CDBG	HOME
White	6,160	0
Black or African American	1,080	0
Asian	65	0
American Indian or American Native	9	0
Native Hawaiian or Other Pacific Islander	1	0
Total	7,315	0
Hispanic	1,335	0
Not Hispanic	5,980	0

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

As noted in the table above, 7315 persons were assisted or served through CDBG funded activities. This number is much higher than what was reported in the PY 2023 CDBG CAPER. We also expect the number to increase as the reimbursements continue to be submitted. (Cherokee has several public facility project and public services that have not been completed at the time of this report).

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	1,148,236	154,785
HOME	public - federal	1,373,691	0

Table 3 - Resources Made Available

Narrative

Cherokee County was allocated \$1,148,236 in CDBG funds for PY 2024 and \$471,777 in HOME funds for PY 2024. The funds were made available in the fall of 2024 and agreements were executed. HOME funds were still being processed through the PY 2022 award, and no new agreements were executed.

CDBG funds in the amount of \$172,235.40 were awarded to agencies for public services and \$680,353.40 was awarded to public facility projects throughout the county. As of February 21, 2025, there is a balance of \$38,235.40 in public services and \$159,728.40 in public facilities. The CDBG office staff is now re-assessing local agencies/subrecipients to see where these funds can be re-directed and spent.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Countywide LMI persons/households	100		Projects serving persons meeting LMI criteria

Table 4 – Identify the geographic distribution and location of investments

Narrative

Several public facility projects have been awarded in the county but due to funding only becoming available in the fall, several are still pending. These projects are all scheduled to be completed by May 1, 2025.

These projects consists of new roof for the American Legion's Homeless Veterans, Goshen Valley home rehab for foster children, sidewalks in

LMI area to address safety along main roadways, and Next Step Ministries is adding a new building to serve adults with disabilities.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Cherokee County receives CDBG and HOME funds from HUD and only HOME requires a match of 25%. Prior to PY 2023, Cherokee County required subrecipients of CDBG funds to commit a portion of their resources for the proposed projects. Cherokee partners with MUST Ministries and Habitat for Humanity of North Georgia to distribute HOME funds. MUST Ministries is using HOME funds for TBRA and Habitat serves as our CHDO and will be purchasing land for affordable housing units/homes.

MATCH funds are determined case-by-case, especially if the subrecipient is new or has had some reimbursement concerns/issues in the past.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Cherokee County is on target to complete it's stated goals and outcomes. (Habitat has recently switched over to a new program and reimbursements were delayed for a short period of time).

Discuss how these outcomes will impact future annual action plans.

Cherokee's future annual action plans will continue to include information on any program changes that are currently underway and determine the needs of its residents. The County will continue to support Habitat for land acquisitions for the develop of affordable housing, as it is one of our greatest needs in the community with HOME funds along with MUST Ministries for the TBRA program.

The minor/emergency home repair program for seniors continues to inform funding decisions each program year in addressing affordable housing goals and eliminate substandard housing. Many of our seniors cannot afford to live in an assisted living facility and need assistance staying in their homes so that they can age in place safely.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

MUST Ministries continues to be Cherokee County's lead non-profit agency for assisting the homeless and near homeless populations. MUST Ministries coordinates volunteers and other non-profit agencies in the community who participate in the Point-in-Time Counts each year. MUST Ministries also provides assistance to the homeless veterans population in Cherokee County by helping veterans navigate the Veterans Administration and obtain proper documents to receive assistance. They are part of a Housing Collaborative that meets regularly with the County, Habitat for Humanity, Stand Up for Seniors (formerly Volunteer Aging Council), Cherokee County Senior Services, and the American Legion post. They also participate in the Point-in Time Count to get accurate counts of the homeless veterans population.

Cherokee County CDBG staff participates in monthly meetings hosted by Families of Cherokee United in Service (Cherokee FOCUS), which includes non-profit agencies, the Canton Housing Authority, and Faith-Based Organizations. The meetings facilitate the exchange of information, best practices, and critical, unaddressed or under-addressed needs in the community. FOCUS's programs work with vulnerable and precariously housed youth providing job training, transportation, and life-skills training in addition to providing classes for dropout youth to obtain GED's.

Addressing the emergency shelter and transitional housing needs of homeless persons

Cherokee County continues to provide CDBG funding for MUST Ministries' Supportive Housing Program for individuals and families that are difficult to house because of physical limitations and co-occurring disorders like substance use disorder. The program assists persons in obtaining mainstream benefits and stable housing. MUST's programming provides transportation services as well as supportive services.

Serenade Heights assists single mothers and their children by providing transitional housing and support and Cherokee Family Violence Center provides emergency shelter and transitional housing for women and their children who have experienced domestic violence.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions);

and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Although Cherokee Family Violence Center does not apply for or receive CDBG funds, they provide both emergency housing and transitional housing to victims of domestic violence and offers programs of support and guidance to begin new lives. Programs benefit the victims, as well as children of the victims who are coping with the abuse. Without such support, victims often become homeless and children not receiving counseling and treatment end up being abusers as adults. The County seeks input from this agency in the planning of the program to improve services in the community.

Goshen Valley Boys Ranch provides a group home for boys in foster care and transitional housing for both males and females who choose to stay in the foster care system after aging out at 18 years old. Goshen has established programs for youth aging out of the foster care system, both providing assistance and guidance with work opportunities or furtherance of education/training. The County supports these programs with CDBG funds.

CDBG funds have been used to partially fund the salaries of case managers in MUST Ministries' Supportive Housing program that manages services to homeless and chronically homeless individuals afflicted with addiction, mental illness, physical disorders, or co-occurring disorders, any of which prevent independent living. The program helps to provide housing stability and support through medical services, assistance with mainstream benefits, and obtaining employment. Two other nonprofit partners provide services to obtain stability: employment training through its Career Pathways program (Goodwill of North Georgia) and low-cost/no cost healthcare services for the uninsured and underinsured persons of Cherokee County (Bethesda Community Clinic).

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

Cherokee County intends to utilize the PY 2024 CDBG funds and PY 2022 HOME funds to address the need of public housing. Cherokee County public housing is provided through the Housing Authority of the City of Canton, an independent agency. The Housing Authority has three campuses with a total of 145 housing units. Several of these units/campuses are being renovated or demolished and new ones are going in and additional housing units as well.

HOME funds from PY 2022 have been distributed to Habitat for Humanity of North GA to build 3 homes for 3 families in Canton GA. One home was completed in December of 2024 and the 2 additional homes are currently under construction with an anticipated completion date of December 2025.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The CDBG staff has been working with Habitat for Humanity to encourage PHA residents to participate in homeownership through application meetings. It is through these application workshops that residents of the housing authority units learn how to qualify for homeownership. In addition, the County's AI process involves the CHA to encourage input from PHA residents by hosting a public meeting for comments and input for that regular assessment. The agency had previously been very troubled, but the wholesale change in the Board has shown promise and the agency is no longer troubled.

Actions taken to provide assistance to troubled PHAs

The Canton Housing Authority is not designated as trouble.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The Goals and Objectives established in the 2024 Analysis of Impediments to Fair Housing Choice (AI) served an integral part in formulating the strategies, goals, and objectives of the program for the County's Consolidated Plan (2024-2028) and the annual action plan for program year 2024.

The CDBG Program Office supports the recommendations to help increase the supply of affordable housing/workforce housing in the county.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Cherokee County's biggest obstacle in meeting its underserved is the limited resources and lack of affordable housing available to the community. The County continues to grow leaps and bound each year, making the LMI population in more need of services/resources. The CDBG Program Office makes every effort to be visible in the community and address the needs, but funding options are being cut and everyone is fighting for the same dollar. (Many of the non-profit organizations are experiencing reduced funding from other resources).

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The County undertakes lead-based paint inspections on all rehab work of homes or facilities built prior to 1978. In the event that lead-based paint is detected, abatement is completed as part of the project.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The County works with local non-profits to address poverty reduction. The following are some actions taken by Cherokee County's non-profit organizations:

- MUST Ministries provides stable rental housing for persons who are difficult to house with physical or mental disabilities, addictions, or co-occurring disorders in their supportive housing program; MUST Ministries also operates a food bank and summer lunch program in

Cherokee County and is now administering HOME funds for TBRA;

- Cherokee Child Advocacy Council [Anna Crawford Children's Center] provides child advocacy services and forensic interviews of victim children along with tailored therapeutic services to prevent the ongoing cycle of abuse in families;
- Goshen Valley Boys Ranch has programs in place to facilitate success for children aging out of the foster care system;
- The Boys & Girls Club – Mimms Club provides transportation for LMI youth for after-school and summer school programs. The club also provides a reading program for youth in grades 3-8 to improve literacy and build a firm foundation for success in high school. A third program offers teen mentoring to prepare students for success after high school;
- The Children's Haven provides supervised visitation of children in the foster care system with nonoffending family as well as child advocacy services;
- Cherokee Family Violence Center provides transitional housing for victims of abuse as well as an emergency shelter for victims and their children of domestic abuse; the agency has not requested funding in the recent past from the County, but referrals are made to clients who inquire with the County;
- Warming shelters are provided by Action Church to address the needs of the homeless when the temperatures are very cold;
- Bethesda Community Clinic provides free and low cost health care to extremely low and low income persons in Cherokee County;
- The YMCA provides financial assistance to LMI youth and youth in the foster care system to participate in programming at a summer day camp; and
- The County maintains a Section 3 policy.

With the newly-available HOME funds, Cherokee County has launched a Tenant-Based Rental Assistance Program with MUST Ministries and land acquisitions with Habitat for Humanity to construct affordable housing units.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The CDBG staff works with all County departments to ensure compliance with HUD guidelines and County policies and how best to serve the needs of the LMI populations. With regard to community partners, the involvement of the CDBG Program Office in the Housing Collaborative and the FOCUS Collaborative allows the County to engage partners to further the mission of the CDBG Program. Non-profit agencies and participating cities provide input of unmet needs of the community at annual grant application workshops and assist in providing opportunities to leverage other sources of funding with CDBG funds to achieve program goals.

The County's municipality partners include Canton, Ball Ground, Holly Springs, Nelson, Waleska, and Woodstock. These Cities are also participating cities as part of the County's designation as an Urban County. The Cities have agreed to continue as participating cities for the Consolidated Plan and their agreements have automatic renewal properties. (The County gives the Cities the opportunity to withdraw at each renewal interval.)

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Public housing and social service agencies are invited to the annual application workshops to provide a forum to gather information concerning unmet needs in the community. Agencies are also encouraged to share best practices in a setting that might include an agency new to the grant application process. Cherokee County non-profit organizations work together to coordinate services with each other.

Habitat for Humanity – North Central Georgia, through its experience and resources, administers the County's Minor/Emergency Home Repair Program. In addition, Stand Up for Seniors (formerly known as Volunteer Aging Council) has partnered with Senior Services to obtain funding for home modifications and programs for assistance for veterans of the armed forces. The targeted population includes home-delivered meals clients.

CDBG funds have been used to partially fund the salaries of case managers in MUST Ministries' Supportive Housing program that manages services to homeless and chronically homeless individuals afflicted with addiction, mental illness, physical disorders, or co-occurring disorders, any of which prevent independent living. The program helps provide housing stability and support through medical services, assistance with obtaining mainstream benefits, and assistance with finding gainful employment. Goodwill of North Georgia has a Career Pathways program where a partnership has been formed with Chattahoochee Tech to provide job training and support services for LMI persons seeking gainful employment and received a CDBG award for 2023.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Impediment: Availability of Affordable Housing Units. More than 13% of households, or 63% of family households, use more than 50% of their income for housing costs. Approximately three-fourths of the households in Cherokee County are family households.

Actions: The County's 2024 Action Plan provided funding for land acquisition for affordable housing development through the HOME Program.

The Minor/Emergency Home Repair Program was continued for 2024 to allow seniors to age in place and prevent veterans and disabled persons from being uprooted.

Impediment: Lack of Affordable, Integrated Housing for Individuals Who Need Supportive Services. The County collected data in the 2018 AI that indicated that people have limited options for living independently with disabilities [new neighborhood developments offer ranch style homes rendering homes built to specifications very expensive; and rental housing that is deemed accessible really isn't accessible].

Actions: The County provided an award to partially fund the salaries of case managers in MUST Ministries, Inc.'s Supportive Housing Program. MUST has rental units to provide stable housing for homeless, chronically homeless, and difficult to house persons who may be experiencing addictions, physical disabilities, or co-occurring issues. Case managers assist clients in obtaining mainstream benefits as well as other support services.

Stand Up for Seniors of Cherokee County provides handicapped ramps and accessibility features to the homes of seniors referred through the County's Senior Center. This program is self-funded through fundraising activities. Targeted clients include seniors who receive home-delivered meals. In addition, Habitat for Humanity has obtained funding for home modifications for persons with mobility issues or who are aging in place. The County supports Habitat for Humanity with grant funding to allow persons to age in place and to assist disabled persons in navigating the home better with the minor/emergency home repair program.

Impediment: Neighborhood Environment Impediments. Availability, type, frequency, and reliability of public transportation was noted as a non-priority contributing factor for all three areas of the fair housing analysis in the County's AI: Segregation / Integration; Disparities in Access to Opportunities, and Disproportionate Housing Needs (there are no Racial or Ethnically Concentrated Areas of Poverty).

Actions: CDBG funds are being used to fund a transportation program offered by the Boys & Girls Club to transport youth to after school and summer programming designed to improve literacy and the success rate of high school graduates after high school. This service will supplement the transportation services offered by the County's transportation system, which has limited routes and service hours and one fixed route. Park improvements in a low-mod areas have begun in Canton, including a new playground.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The County performs a yearly risk analysis and an assessment for each grantee. Subrecipients are monitored to ensure they are in compliance with applicable laws and regulations. The County evaluates and documents the eligibility of all grant-funded activities and tracks/monitors the status of all contracts. Monitoring is done on a monthly basis when they submit their reimbursements, yearly basis and desk audits are randomly done as well.

In addition to opportunities to learn more about program funds at the grant application workshops, agencies receiving funding for the first time are offered one-on-one type technical assistance through the CDBG Program Office concerning awards and management.

The County also contracts with an independent accounting firm that conducts an annual audit of the financial practices and reporting of the County. Copies of the single audit are submitted to the Audit Clearinghouse for access by HUD, annually.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The County's Citizen Participation Plan provides a period of no less than 30 days from the date of a public notice to receive comments on the annual performance report and generally gives a 15-day notice of the public meetings. All public notices indicate that special accommodations will be made for persons with physical limitations or disabilities, upon request, in order for those persons to participate in the review of the annual performance reports. The CDBG Program Office selects the public meeting locations that are accessible for persons with disabilities or mobility issues.

The County's legal organ is published in English, so to reach limited English proficiency citizens (LEP), public notices and documents are posted to the CDBG page of the County's website where participants may access the Google Translator to translate information published on the web. The County's community partners who provide human services to minorities and low-to-moderate income persons are contacted when the CDBG Program office is seeking comments for annual reports, action plans, amendments, and the 5-Year Strategic Plan to help circulate information and gather input.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

No major changes have been made to Cherokee County's objectives for CDBG or HOME Programs in the last year. The HOME Program is still underway and Cherokee continues to focus on public services, public facility improvements, and housing assistance. (HOME Program consists of TBRA and land acquisition and is still operating out of the PY 2022 HOME award.)

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Cherokee County CDBG Office has an agreement with MUST Ministries, Inc. for the TBRA program. MUST Ministries provides a case manager that oversees all of the required regulations for funding. Inspections are completed by the case manager and documentation is provided in the monthly reimbursement reports.

*NOTE: TBRA funds are from PY 2022 and not PY 2024.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

All affirmative marketing actions for the HOME-TBRA Program are submitted in the monthly reimbursement packets to the CDBG Office.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Narrative

For public facility projects completed in PY 2024, none of the CDBG-funded activities triggered Section 3 requirements. The County partners with Goodwill of North Georgia to fund a Career Pathways Program in which the agency collaborates with a local technical school to provide training and support services to achieve certifications in such fields as Medical Billing/Coding, Forklift Operator, etc. Goodwill regularly conducts job fairs as part of their recruiting efforts to attract participants. The County also partners with another local nonprofit agency, MUST Ministries, Inc. who provides services to assist with resumes, interview preparation, job searches, and interview clothing.
