If the *Medical Expense Benefit* section shows that **covered persons** have coverage for **pregnancy** and newborn care, this **Plan** generally may not, under Federal law, restrict benefits for any **hospital** length of stay in connection with childbirth for the mother or newborn child to less than forty-eight (48) hours following a vaginal delivery, or less than ninety-six (96) hours following a caesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consultation with the mother, from discharging the mother or her newborn earlier than forty-eight (48) hours (or ninety-six (96) hours as applicable). In any case, this **Plan** may not, under Federal law, require that a provider obtain authorization from the **Plan** for prescribing a length of stay not in excess of the above periods.

This **Plan** may contain a **Preferred Provider Organization** (PPO) network and pre-certification requirements. COBRA Continuation Coverage General Notice**Introduction**

You are getting this notice because you recently gained coverage under this group health **Plan**. This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the **Plan**. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under this **Plan** and under federal law, you should contact the **plan administrator**.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept **late enrollees**.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of **Plan** coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your **dependent** children could become qualified beneficiaries if coverage under this **Plan** is lost because of the qualifying event. Under this **Plan**, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an **employee**, you'll become a qualified beneficiary if you lose your coverage under this **Plan** because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an **employee**, you'll become a qualified beneficiary if you lose your coverage under this **Plan** because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to **Medicare** benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your **dependent** children will become qualified beneficiaries if they lose coverage under this **Plan** because of the following qualifying events:

- The parent-**employee** dies;
- The parent-**employee's** hours of employment are reduced;
- The parent-**employee's** employment ends for any reason other than his or her gross misconduct;
- The parent-**employee** becomes entitled to **Medicare** benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under this **Plan** as a "**dependent** child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to Cherokee County, and that bankruptcy results in the loss of coverage of any retired employee covered under this **Plan**, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the **Plan**.

When is COBRA continuation coverage available?

This **Plan** will offer COBRA continuation coverage to qualified beneficiaries only after the **plan administrator** has been notified that a qualifying event has occurred. The **employer** must notify the **plan administrator** of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the **employee**;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The **employee's** becoming entitled to **Medicare** benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the **employee** and spouse or a **dependent** child's losing eligibility for coverage as a **dependent** child), you must notify the **plan administrator** within 60 days after the qualifying event occurs. You must provide this notice to the **plan administrator** (or its designee).

How is COBRA continuation coverage provided?

Once the **plan administrator** receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered **employees** may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under this **Plan** is determined by Social Security to be disabled and you notify the **plan administrator** in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. The disabled person (or his representative) must submit written proof of the Social Security Administration's disability determination to **the plan administrator** (or its designee) within the initial eighteen (18) month period of continuation coverage and no later than sixty (60) days after the latest of:

- (i.) The date of the disability determination by the Social Security Administration;
- (ii.) The date of the 18-Month Qualifying Event;
- (iii.) The date on which the person loses (or would lose) coverage under this **Plan** as a result of the 18-Month Qualifying Event; or
- (iv.) The date on which the person is furnished with a copy of this Plan Document.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and **dependent** children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if this **Plan** is properly notified about the second qualifying event. This extension may be available to the spouse and any **dependent** children getting COBRA continuation coverage if the **employee** or former **employee** dies; becomes entitled to **Medicare** benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the **dependent** child stops being eligible under this **Plan** as a **dependent** child. This extension is only available if the second qualifying event would have caused the spouse or **dependent** child to lose coverage under this **Plan** had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children's Health Insurance Program (CHIP) or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment

period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in **Medicare** instead of COBRA Continuation Coverage after my group health plan coverage ends?

In general, if you don’t enroll in **Medicare** Part A or B when you are first eligible because you are still employed, after the **Medicare** initial enrollment period, you have an 8-month special enrollment period to sign up for **Medicare** Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don’t enroll in **Medicare** and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in **Medicare** Part A or B before the COBRA continuation coverage ends, this **plan** may terminate your continuation coverage. However, if **Medicare** Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of **Medicare** entitlement, even if you enroll in the other part of **Medicare** after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and **Medicare**, **Medicare** will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to **Medicare**, even if you are not enrolled in **Medicare**.

How It Works

When you use SurgeryPlus, you will receive assistance both planning and paying for covered medical procedures. Your SurgeryPlus Care Advocate will help you through the entire process. To receive SurgeryPlus benefits:

1. You must call a SurgeryPlus Care Advocate *before* you begin planning your surgery/procedure. Member Care Advocates are available at **855-715-1683**.
2. You must agree to supply your medical records and any other pertinent information to the selected SurgeryPlus doctor so he/she may assess:
 - a. The medical necessity of the requested service; and
 - b. Your suitability for the prospective treatment or procedure, including any necessary travel. This assessment is referred to as the Initial Review/Consultation.
3. Based on the Initial Review/Consultation, the SurgeryPlus physician will decide whether to accept your case.
4. You must accept and agree to the standard terms of treatment of the SurgeryPlus doctor. Receiving an Initial Review/Consultation does not commit you to proceed with treatment from the SurgeryPlus doctor.

If you are not satisfied with your SurgeryPlus physician or his/her Initial Review/Consultation, you may contact your Care Advocate and arrange for a second opinion with another SurgeryPlus doctor.

SurgeryPlus Care Advocates

SurgeryPlus Care Advocates are your connection to the SurgeryPlus benefit. They help you find a great doctor for your procedure, schedule your procedure appointments, make travel reservations (if travel is required), transfer your medical records, and coordinate all your surgery bills.

Throughout the planning process, you will work with the same Care Advocate. Your SurgeryPlus Care Advocate will provide you one-on-one, personalized help each step of the way.

SurgeryPlus Travel Benefit

Your SurgeryPlus benefit will also help pay for necessary travel associated with the covered procedure. The specific travel benefit depends on the procedure, the provider, and the distance between the provider and a member's residence. For procedures requiring inpatient admission or overnight recovery, the travel benefit covers the patient and one companion for a limited amount of time. Only travel arrangements made through your Care Advocate are eligible for coverage under the SurgeryPlus benefit.

Payment

When you use SurgeryPlus, the surgery cost for the Episode of Care* (as defined below) is paid as follows:

- If you are on the EPO or POS plan, the Cherokee County Health Plan will waive your deductible and coinsurance through the SurgeryPlus benefit. You don't pay any deductible, co-pays or co-insurance amounts as the Cherokee County Health Plan pays the full cost of the Episode of Care.

Please note that the SurgeryPlus benefit covers only those services contained in the Episode of Care and terminates upon the Member's discharge from the facility by Provider. Coverage for payment of any medical services rendered *subsequent* to the termination of an Episode of Care shall be the responsibility of the ***covered person*** and Cherokee County Health Plan. Limitations and Disclosures

SurgeryPlus is a service offered by EmployerDirect that provides non-clinical care coordination for planned medical procedures. EmployerDirect does not itself provide any medical care, medical advice, or recommendation as to selection of any course of treatment or provider, including EmployerDirect's participating providers.

Certain examinations, tests, treatments or other medical services may be required prior to or following a planned medical procedure with a SurgeryPlus provider. Any medical services performed by anyone other than a SurgeryPlus doctor, including pre- and post-care, shall be subject to the coverage limits and other terms of Cherokee County Health Plan.

All claims paid by Cherokee County Health Plan for your SurgeryPlus benefit are considered in-network and included toward your calendar year out-of-pocket expense limit.

Subsequent to an Episode of Care, if a Member needs emergency care for any reason this would be subject to coverage under Cherokee County Health Plan. The Episode of Care ends when the Member is discharged from the facility.

SurgeryPlus Benefit *Does Not Cover*:

- Diagnostic studies and imaging
- Physical therapy
- Durable medical equipment
- Prescriptions
- Lab work
- Pre-operative labs and testing (Note: Pre-operative labs and testing will be done at your ***primary care physician***'s office and will be submitted to your current medical health insurance)
- Complications after the "episode of care"

PREFERRED PROVIDER OR NONPREFERRED PROVIDER

Covered persons have the choice of using either a *preferred provider* or a *nonpreferred provider*.

PREFERRED PROVIDER

A *preferred provider* is a *physician, hospital* or ancillary service provider which has an agreement in effect with the *Preferred Provider Organization* (PPO) to accept a *negotiated rate* for services rendered to *covered persons*. In turn, the PPO has an agreement with the *plan administrator* or the *claims processor* to allow access to *negotiated rates* for services rendered to *covered persons*. The PPO's name and/or logo is shown on the front of the *covered person's* ID card. The *preferred provider* cannot bill the *covered person* for any amount in excess of the *negotiated rate* for *covered expenses*. *Covered persons* should contact the *employer's* Human Resources Department, contact the *claims processor*, or review the PPO's website for a current listing of *preferred providers*.

NONPREFERRED PROVIDER

A *nonpreferred provider* does not have an agreement in effect with the *Preferred Provider Organization*. Except as explained below, the *Plan* will allow only the *customary and reasonable amount* as a *covered expense*. The *Plan* will pay its percentage of the *customary and reasonable amount* for the *nonpreferred provider covered expenses*. The *covered person* may be responsible for the remaining balance, which may result in greater out-of-pocket expenses to the *covered person* except as explained below.

1. If a *nonpreferred provider* has not satisfied the Notice and Consent Criteria described under number 6. below, for certain items and services, *covered expenses* for such services rendered at a *preferred provider facility* will be:
 - a. Paid in accordance with the *preferred provider cost sharing*;
 - b. Subject to the *preferred provider* out-of-pocket expense limit; and
 - c. Paid based on the lesser of the *qualifying payment amount* or the *nonpreferred provider's* actual charge, or when applicable:
 - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
 - ii. In a State that has an all-payer model agreement that applies to this *Plan*, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The *covered person's cost sharing* will be calculated based on the *recognized amount* and *nonpreferred providers* may not balance bill for amounts in excess of the *covered person's cost sharing*. If the *out-of-network rate* exceeds the *recognized amount*, the difference will not be subject to the deductible.

The following types of services provided in a *preferred provider facility* by a *nonpreferred provider* will be covered as explained in this section, regardless of whether the *nonpreferred provider* satisfies the Notice and Consent Criteria described in section 6. below:

- d. Ancillary services, including:
 - i. Items and services related to emergency medicine, anesthesiology, pathology, radiology, neonatology (whether provided by a *physician* or non-*physician* practitioner);
 - ii. Items and services provided by assistant surgeons, hospitalists, and intensivists;
 - iii. Diagnostic services including radiology and laboratory services; and
 - iv. Items and services provided by a *nonpreferred provider* if there is no *preferred provider* who can furnish such item or service at such *facility*; and
 - e. Items and services furnished as a result of unforeseen, urgent medical needs that arise at the time an item or service is furnished.
2. ***Covered expenses*** for *emergency services* furnished by a *nonpreferred provider* will be:
- a. Paid in accordance with the *preferred provider cost sharing*;
 - b. Subject to the *preferred provider* out-of-pocket expense limit; and
 - c. Paid based on the lesser of the *qualifying payment amount* or the *nonpreferred provider's* actual charge, or when applicable:
 - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
 - ii. In a State that has an all-payer model agreement that applies to this *Plan*, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The *covered person's cost sharing* will be calculated based on the *recognized amount* and *nonpreferred providers* may not balance bill for amounts in excess of the *covered person's cost sharing*. If the *out-of-network rate* exceeds the *recognized amount*, the difference will not be subject to the deductible.

3. ***Covered expenses*** for air ambulance services furnished by a *nonpreferred provider* will be:
- a. Paid in accordance with the *preferred provider cost sharing*;
 - b. Subject to the *preferred provider* out-of-pocket expense limit; and
 - c. Paid based on the lesser of the *qualifying payment amount* or the *nonpreferred provider's* actual charge; or when applicable:
 - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
 - ii. In a State that has an all-payer model agreement that applies to this *Plan*, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The *covered person's cost sharing* will be calculated based on the lesser of the *qualifying payment amount* or the billed amount, and *nonpreferred providers* may not balance bill for amounts in excess of the *covered person's cost sharing*. If the *out-of-network rate* exceeds the lesser of the *qualifying payment amount* or the billed amount, the difference will not be subject to the deductible.

4. Open Negotiation Period

- a. A **nonpreferred provider** may initiate an open negotiation period with this **Plan** regarding **covered expenses** as described above. This open negotiation period must be initiated during the thirty (30) business day period beginning on the day the **nonpreferred provider** receives an initial payment or a notice of denial of payment for **covered expenses** as described above. To initiate the open negotiation period, the **nonpreferred provider** must send notice, consistent with applicable regulations, to this **Plan** on a standard form developed by Federal regulators.
- b. The day on which the open negotiation notice is sent by the **nonpreferred provider** is the date the thirty (30) business day open negotiation period begins. Any additional payment amount agreed upon during the open negotiation period must be made by this **Plan** within thirty (30) days of such agreement and will not be subject to additional **cost sharing**.

5. Independent Dispute Resolution

- a. In the case of failed negotiations, the **nonpreferred provider** or this **Plan** may initiate the Federal independent dispute resolution (IDR) process established under the No Surprises Act. The IDR process must be initiated, consistent with applicable Federal regulations, within four (4) business days beginning on the thirty-first (31) business day after the start of the open negotiation period.
- b. Within thirty (30) days after the date a **certified IDR entity** is selected, such entity must select a payment amount and notify this **Plan** and the **nonpreferred provider** of the determination. In the absence of a fraudulent claim or evidence of intentional misrepresentation of material facts presented to the **certified IDR entity**, the decision by such entity is binding on all involved parties.
- c. Any additional payment amount due from this **Plan** resulting from the decision of the **certified IDR entity**:
 - i. Will not be subject to additional **cost sharing**;
 - ii. Must be paid within thirty (30) days of such determination; and
 - iii. Will result in this **Plan** being responsible for payment of all fees properly charged by the **certified IDR entity**.
- d. If the **certified IDR entity** determines that no additional payment is due to the **nonpreferred provider** by this **Plan**, such provider will be responsible for payment of the **certified IDR entity** fee. This **Plan** and the **nonpreferred provider** will each be responsible for the Federal IDR administrative fee.
- e. The **nonpreferred provider** and this **Plan** may agree on a payment amount for an item or service during the independent dispute resolution process but before the date on which the **certified IDR entity** makes a final payment determination. Such amount will be treated as the **out-of-network rate** and to the extent this amount exceeds the initial payment amount and any **cost sharing** amount, the **Plan** must pay the additional amount to the **nonpreferred provider** within thirty (30) business days from the date the agreement is reached. This **Plan** will be responsible for payment of half of all fees charged by the **certified IDR entity**, unless this **Plan** and the **nonpreferred provider** otherwise agree in writing.

6. Notice and Consent Criteria

- a. In order to satisfy the Notice and Consent Criteria, a **nonpreferred provider** must provide the **covered person** with a written notice in paper or electronic form, as selected by the **covered person**, that is physically separate from other documents and contains the following information:
 - i. Notification that the health care provider is a **nonpreferred provider**;

- ii. Notification of the good faith estimate amount that the **nonpreferred provider** may charge for the items and services, including a notification that the provision of such estimate does not constitute a contract with respect to the estimated charges;
 - iii. In the case where a **nonpreferred provider** would be furnishing items or services at a **preferred provider facility**, a list of any **preferred providers** at such **facility** who are able to furnish the items or services and notification that the **covered person** may be referred, at their option, to such a **preferred provider**;
 - iv. Information about whether pre-certification or other care management limitations may be required in advance of receiving the items or services.
- b. The above information must be provided to a **covered person**:
- i. No later than seventy-two (72) hours prior to the date on which the **covered person** is furnished the items or services, when the appointment is scheduled at least seventy-two (72) hours prior; or
 - ii. On the date the appointment is scheduled, in the case where the appointment is scheduled within seventy-two (72) hours prior to the appointment. When the **covered person** is provided with the notice and consent on the same date that the items or services are to be furnished, the notice must be provided no later than three (3) hours prior to furnishing the items or services to which the notice and consent requirements apply.
- c. The **nonpreferred provider** must obtain consent from the **covered person** to be treated by the **nonpreferred provider** and must provide a signed copy of such consent to the **covered person** through mail or email as selected by the **covered person** and provide a copy to the **claims processor**.

7. Continuity of Care

In certain situations, if a **preferred provider** becomes a **nonpreferred provider**, and the **covered person** is a **continuing care patient**, this **Plan** will provide the **covered person** with notice and an opportunity to elect continuing care from such provider. This election will allow the **covered person** to continue to receive benefits under this **Plan** in accordance with the **preferred provider cost sharing**, beginning on the date of the notice and continuing for a period ending of the earlier of:

- a. Ninety (90) days from the date of the notice; or
- b. The date on which the **covered person** is no longer a **continuing care patient** with respect to such provider.

REFERRALS

Referrals to a **nonpreferred provider** are covered as **nonpreferred provider** services, supplies and treatments. It is the responsibility of the **covered person** to assure services to be rendered are performed by **preferred providers** in order to receive the **preferred provider** level of benefits unless described otherwise under the *Nonpreferred Provider* subsection above.

EXCEPTIONS

The following listing of exceptions represents services, supplies or treatments rendered by a **nonpreferred provider** where **covered expenses** shall be payable at the **preferred provider** level of benefits:

- 1. Radiologist or pathologist services for interpretation of x-rays and diagnostic laboratory and surgical pathology tests rendered by a **nonpreferred provider** when the referring **physician** is a **preferred provider**. Benefits are based on the billed amount and not the **customary and reasonable amount**, except as described

in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section above.

2. Treatment rendered at a *facility* of the uniformed services.
3. Transportation by a *nonpreferred provider* ambulance for a condition that meets the definition of *emergency medical condition*.
4. Lactation counseling providers.

MEDICAL EXPENSE BENEFIT

This section describes the *covered expenses* of the *Plan*. All *covered expenses* are subject to applicable *Plan* provisions including, but not limited to: deductible, *copay*, *coinsurance* and *maximum benefit* provisions as shown on the *Schedule of Benefits*, unless otherwise indicated. Any portion of an expense *incurred* by the *covered person* for services, supplies or treatment that is greater than the *customary and reasonable amount* for *nonpreferred providers*, except as described in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section, or *negotiated rate* for *preferred providers* will not be considered a *covered expense* by the *Plan*. Specified preventive care expenses will be considered to be *covered expenses*.

COPAY

The *copay* is the amount payable by the *covered person* for certain services, supplies or treatment as shown on the *Schedule of Benefits*. The *covered person* selects a *facility* or a *professional provider* and pays the applicable *copay*. The *Plan* pays the remaining *covered expenses* at the *negotiated rate* for *preferred providers* or the *customary and reasonable amount* for *nonpreferred providers*, except as described in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section. The *copay* must be paid each time a treatment or service is rendered.

The *copay* will not be applied toward the following:

1. The calendar year deductible.
2. The deductible carry-over.

DEDUCTIBLES

The deductible is the dollar amount of *covered expenses* which each *covered person* or family must have *incurred* during each calendar year before the *Plan* pays applicable benefits. The deductible amount is shown on the *Schedule of Benefits*. If the *out-of-network rate* exceeds the *recognized amount* (or the lesser of the billed charges or the *qualifying payment amount* for purposes of *nonpreferred provider* air ambulance services), the difference will not be subject to the deductible.

Deductible Carry-Over

Amounts *incurred* during October, November and December and applied toward the deductible of any *covered person*, will also be applied to the deductible of that *covered person* in the next calendar year.

COINSURANCE

The *Plan* pays a specified percentage of *covered expenses* at the *customary and reasonable amount* for *nonpreferred providers*, except as described in the *Nonpreferred Provider* subsection, under the *Preferred Provider or Nonpreferred Provider* section, or the percentage of the *negotiated rate* for *preferred providers*. That percentage is specified on the *Schedule of Benefits*. For *nonpreferred providers*, the *covered person* may be responsible for the difference between the percentage the *Plan* paid and one hundred percent (100%) of the billed amount. See the *Nonpreferred Provider* subsection for more details. The *covered person's* portion of the *coinsurance* is applied to the out-of-pocket expense limit.

OUT-OF-POCKET EXPENSE LIMIT

After the **covered person** has incurred an amount equal to the **preferred provider** out-of-pocket expense limit listed on the *Schedule of Benefits* for **covered expenses**, the **Plan** will begin to pay one hundred percent (100%) of **covered expenses** for the remainder of the calendar year.

Out-of-Pocket Expense Limit Exclusions

The following items do not apply toward satisfaction of the calendar year out-of-pocket expense limit and will not be payable at one hundred percent (100%), even if the out-of-pocket expense limit has been satisfied:

1. Expenses for services, supplies and treatments not covered by the **Plan**, including charges in excess of the **customary and reasonable amount** or **negotiated rate**, as applicable.
2. Expenses incurred as a result of failure to obtain pre-certification.

MAXIMUM BENEFIT

The *Schedule of Benefits* may contain a separate annual **maximum benefit**. The *Schedule of Benefits* may also contain separate **maximum benefit** limitations for specified conditions and/or services. Any separate **maximum benefit** will include all such benefits paid by the **Plan** for the **covered person** during any and all periods of coverage under the **Plan**. No more than the **maximum benefit** will be paid for any **covered person** while covered by the **Plan**.

Notwithstanding any provision of the **Plan** to the contrary, all benefits received by an individual under any benefit option, package or coverage under the **Plan** shall be applied toward the applicable **maximum benefit** paid by the **Plan** for any one **covered person** for such option, package or coverage under the **Plan**, and also toward the **maximum benefit** under any other options, packages or coverages under the **Plan** in which the individual may participate in the future.

A full private room rate is covered if the private room is necessary for isolation purposes and is not for the convenience of the **covered person**.

4. Charges for pre-admission testing (x-rays and lab tests) performed prior to a **hospital** admission which are related to the condition which is necessitating the **confinement**. Such tests shall be payable even if they result in additional medical treatment prior to **confinement** or if they show that **hospital confinement** is not **medically necessary**. Such tests shall not be payable if the same tests are performed again after the **covered person** has been admitted.

AMBULANCE SERVICES

Covered expenses shall include:

1. Ambulance services for air or ground transportation for the **covered person** from the place of **injury** or serious medical incident to the nearest **hospital** where treatment can be given.
2. Ambulance service is covered in a non-emergency situation only to transport the **covered person** to or from a **hospital** or between **hospitals** for required treatment when such transportation is certified by the attending **physician** as **medically necessary**. Such transportation is covered only from the initial **hospital** to the nearest **hospital** qualified to render the special treatment.
3. **Emergency services** actually provided by an advance life support unit, even though the unit does not provide transportation.

If the **covered person** is admitted to a **nonpreferred hospital** after treatment for an **emergency medical condition**, ambulance service is covered to transport the **covered person** from the **nonpreferred hospital** to a **preferred hospital** after the patient's condition has been **stabilized**, provided such transport is certified by the attending **physician** as **medically necessary**.

For related operations or procedures performed through the same incision or in the same operative field, **covered expenses** shall include the surgical allowance for the highest paying procedure, plus fifty percent (50%) of the surgical allowance for each additional procedure.

When two (2) or more unrelated operations or procedures are performed at the same operative session, **covered expenses** shall include the surgical allowance for each procedure.

3. Surgical assistance provided by a **physician** or **professional provider** if it is determined that the condition of the **covered person** or the type of surgical procedure requires such assistance. **Covered expenses** for the services of an assistant surgeon are limited to twenty percent (20%) of the surgical allowance.
4. Furnishing or administering anesthetics, other than local infiltration anesthesia, by other than the surgeon or his assistant. However, benefits will be provided for anesthesia services administered by oral and maxillofacial surgeons when such services are rendered in the surgeon's office.

4. Surgical, storage and transportation costs directly related to procurement of an organ or tissue used in a transplant procedure will be covered for each procedure completed. Cigna LifeSOURCE Transplant Network

In addition to the above transplant benefits, the **covered person** may be eligible to participate in a Cigna LifeSOURCE Transplant Program. **Covered persons** should contact the **Health Care Management Organization** to discuss this benefit by calling the number shown on the **covered person's** ID card.

A Cigna LifeSOURCE Transplant Network **facility** is a **facility** within the Cigna LifeSOURCE Transplant Network that has been chosen for its proficiency in performing one or more transplant procedures. NOTICE OF AUTHORIZED REPRESENTATIVE

The ***covered person*** may provide the ***plan administrator*** (or its designee) with a written authorization for an authorized representative to represent and act on behalf of a ***covered person*** and consent to the release of information related to the ***covered person*** to the authorized representative with respect to a claim for benefits or an appeal. Authorization forms may be obtained from the Human Resource Department.

APPEALING AN ADVERSE BENEFIT DETERMINATION ON A POST-SERVICE PRESCRIPTION DRUG CLAIM

A ***covered person***, or the ***covered person's*** authorized representative, may request a review of an ***adverse benefit determination*** on a Post-Service prescription drug claim by making written request to the ***claims processor*** within one hundred eighty (180) calendar days from receipt of notification of the ***adverse benefit determination*** and stating the reasons the ***covered person*** feels the claim should not have been denied.

The following describes the review process and rights of the ***covered person*** for a full and fair review:

1. The ***covered person*** has the right to submit documents, information and comments and to present evidence and testimony.
2. The ***covered person*** has the right to access, free of charge, ***relevant information*** to the claim for benefits.
3. Before a final ***adverse benefit determination*** on appeal is rendered, the ***covered person*** will be provided, free of charge, with any new or additional rationale or evidence considered, relied upon, or generated by the ***Plan*** in connection with the claim. Such information will be provided as soon as possible and sufficiently in advance of the notice of ***final internal adverse benefit determination***. However, there could be circumstances where the new or additional evidence or rationale could be received so late that it would be impossible to provide to the ***covered person*** in time to have a reasonable opportunity to respond. In these circumstances, the period for providing notice of final determination on appeal will be tolled until the earliest of the following dates:
 - a. The date the ***covered person*** responds to the new or additional rationale or evidence; or
 - b. Three (3) weeks from the date the new or additional rationale or evidence was mailed to the ***covered person***.
4. The review takes into account all information submitted by the ***covered person***, even if it was not considered in the initial benefit determination.
5. The review by the ***claims processor*** will not afford deference to the original ***adverse benefit determination***.
6. The ***claims processor*** will not be:
 - a. The individual who originally denied the claim, nor
 - b. Subordinate to the individual who originally denied the claim.
7. If the original ***adverse benefit determination*** was, in whole or in part, based on medical judgment:
 - a. The ***claims processor*** will consult with a ***professional provider*** who has appropriate training and experience in the field involving the medical judgment; and
 - b. The ***professional provider*** utilized by the ***claims processor*** will be neither:
 - (i.) An individual who was consulted in connection with the original ***adverse benefit determination***, nor

- (ii.) A subordinate of any other **professional provider** who was consulted in connection with the original **adverse benefit determination**.
- 8. If requested, the **claims processor** will identify the medical or vocational expert(s) who gave advice in connection with the original **adverse benefit determination**, whether or not the advice was relied upon.

NOTICE OF BENEFIT DETERMINATION ON A POST-SERVICE PRESCRIPTION DRUG CLAIM APPEAL

The **plan administrator** (or its designee) shall provide the **covered person** (or authorized representative) with a written notice of the appeal decision within sixty (60) calendar days of receipt of a written request for the appeal.

If the appeal is denied, the Notice of Appeal Decision will contain an explanation of the Decision, including:

1. The specific reasons for the **adverse benefit determination**.
2. Reference to specific **Plan** provisions on which the **adverse benefit determination** is based.
3. A statement that the **covered person** has the right to access, free of charge, **relevant information** to the claim for benefits.
4. A statement of the **covered person's** right to request an external review and a description of the process for requesting such a review.
5. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Appeal Decision will contain either:
 - a. A copy of that criterion, or
 - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
6. If the **adverse benefit determination** was based on **medical necessity, experimental/investigational** treatment or similar exclusion or limit, the **plan administrator** (or its designee) will supply either:
 - a. An explanation of the scientific or clinical judgment, applying the terms of the **Plan** to the claimant's medical circumstances, or
 - b. A statement that such explanation will be supplied free of charge, upon request.

PRIOR AUTHORIZATION

Prior authorization may be needed for certain prescription drugs to make sure proper use and guidelines for prescription drug coverage are followed. The **claims administrator** will contact the provider to get the details needed to decide if prior authorization should be given. The **claims administrator** will give the results of its decision to both the **covered person** and their provider.

If prior authorization is denied, the **covered person** has the right to file an appeal as outlined in the subsection, *Appealing an Adverse Benefit Determination of a Denied Pre-Service Claim*.

For a list of prescription drugs that need prior authorization, **covered persons** should call the phone number on the back of their identification card. The list will be reviewed and updated from time to time. Including a drug or related item on the list does not promise coverage under the **Plan**. The provider may check with the **claims administrator** to verify drug coverage, to find out whether any quantity (amount) and/or age limits apply, and to find out which brand name or **generic** drugs are covered under the **Plan**.

EXTERNAL APPEAL

A **covered person**, or the **covered person's** authorized representative, may request a review of an **adverse benefit determination** appeal if the claim determination involves medical judgment or a rescission by making written request to the **claims processor** within four (4) months of receipt of notification of the **final internal adverse benefit determination**. Medical judgment includes, but is not limited to:

1. **Medical necessity**;
2. **Appropriateness**;

3. **Experimental** or **investigational** treatment;
4. Health care setting;
5. Level of care; and
6. Effectiveness of a **covered expense**.

If there is no corresponding date four (4) months after the date of receipt of such a notice, then the request must be made by the first day of the fifth month following the receipt of the notice of **final internal adverse benefit determination**. {Note: If the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1, or the next day if March 1st falls on a Saturday, Sunday or Federal holiday.}

RIGHT TO EXTERNAL APPEAL

Within five (5) business days of receipt of the request, the **claims processor** will perform a preliminary review of the request to determine if the request is eligible for external review, based on confirmation that the **final internal adverse benefit determination** was the result of:

1. Medical judgment; or
2. Rescission of coverage under this **Plan**.

NOTICE OF RIGHT TO EXTERNAL APPEAL

The **plan administrator** (or its designee) shall provide the **covered person** (or authorized representative) with a written notice of the decision as to whether the claim is eligible for external review within one (1) business day after completion of the preliminary review.

The Notice of Right to External Appeal shall include the following:

1. The reason for ineligibility and the availability of the Employee Benefits Security Administration at 1-866-444-3272, if the request is complete but not eligible for external review.
2. If the request is incomplete, the information or materials necessary to make the request complete and the opportunity for the **covered person** to perfect the external review request by the later of the following:
 - a. The four (4) month filing period; or
 - b. Within the forty-eight (48) hour time period following the **covered person's** receipt of notification.

INDEPENDENT REVIEW ORGANIZATION

For external reviews by an Independent Review Organization (IRO), such IRO shall be accredited by URAC or a similar nationally recognized accrediting organization and shall be assigned to conduct the external review. The assigned IRO will timely notify the **covered person** in writing of the request's eligibility and acceptance for external review.

NOTICE OF EXTERNAL REVIEW DETERMINATION

The assigned IRO shall provide the **plan administrator** (or its designee) and the **covered person** (or authorized representative) with a written notice of the final external review decision within forty-five (45) days after receipt of the external review request.

The Notice of Final External Review Decision from the IRO is binding on the **covered person**, the **Plan** and **claims processor**, except to the extent that other remedies may be available under State or Federal law.

EXPEDITED EXTERNAL REVIEW

The **plan administrator** (or its designee) shall provide the **covered person** (or authorized representative) the right to request an expedited external review upon the **covered person's** receipt of either of the following:

1. An **adverse benefit determination** involving a medical condition for which the timeframe noted above for completion of an internal appeal would seriously jeopardize the health or life of the **covered person** or the **covered person's** ability to regain maximum function and the **covered person** has filed an internal appeal request.
2. A **final internal adverse benefit determination** involving a medical condition for which the timeframe for completion of a standard external review would seriously jeopardize the health or life of the **covered person** or the **covered person's** ability to regain maximum function or if the **final internal adverse benefit determination** involves any of the following:
 - a. An admission,
 - b. Availability of care,
 - c. Continued stay, or
 - d. A health care item or service for which the **covered person** received **emergency services**, but has not yet been discharged from a **facility**.

Immediately upon receipt of the request for *Expedited External Review*, the **Plan** will do all of the following:

1. Perform a preliminary review to determine whether the request meets the requirements in the subsection, *Right to External Appeal*.
2. Send notice of the **Plan's** decision, as described in the subsection, *Notice of Right to External Appeal*.

Upon determination that a request is eligible for external review, the **Plan** will do all of the following:

1. Assign an IRO as described in the subsection, *Independent Review Organization*.
2. Provide all necessary documents or information used to make the **adverse benefit determination** or final **adverse benefit determination** to the IRO either by telephone, facsimile, electronically or other expeditious method.

The assigned IRO will provide notice of final external review decision as expeditiously as the **covered person's** medical condition or circumstances require, but in no event more than seventy-two (72) hours after receipt of the expedited external review request. The notice shall follow the requirements in the subsection, *Notice of External Review Determination*. If the notice of the expedited external review determination was not in writing, the assigned IRO shall provide the **plan administrator** (or its designee) and the **covered person** (or authorized representative) written confirmation of its decision within forty-eight (48) hours after the date of providing that notice.

7. Charges in connection with any **illness** or **injury** of the **covered person** resulting from or occurring during the **covered person's** commission or attempted commission of a criminal battery or felony. ELIGIBILITY, ENROLLMENT AND EFFECTIVE DATE

This section identifies the *Plan's* requirements for a person to participate in the *Plan*.

EMPLOYEE ELIGIBILITY

All ***full-time employees*** regularly scheduled to work at least thirty (30) hours per work week shall be eligible to enroll for coverage under the *Plan*. This does not include temporary or seasonal ***employees*** working less than an average of thirty (30) hours per work week over the ***employer's measurement period***.

If applicable under the *Affordable Care Act*, an ***employee*** of the ***employer*** who is not currently working the minimum number of hours, but was working on average the minimum number of hours during the ***employer's measurement period*** and is eligible during the ***employer's stability period***, as documented by the ***employer*** and consistent with the *Affordable Care Act*, applicable regulations and regulatory guidance, is eligible to enroll under the *Plan*, provided the ***employee*** is a member of a class eligible for coverage and has satisfied any waiting period that may be required by the ***employer***.

Retired ***employees*** may continue coverage by paying the applicable contribution for ***employee*** and/or ***dependent*** coverage. While the ***employer*** expects ***retiree*** coverage to continue, the ***employer*** reserves the right to modify or discontinue ***retiree*** coverage or any other provision of the *Plan* at any time.

EMPLOYEE ENROLLMENT

An ***employee*** must file a written application (or electronic, if applicable) with the ***employer*** for coverage hereunder for himself within thirty-one (31) days of becoming eligible for coverage. The ***employee*** shall have the responsibility of timely forwarding to the ***employer*** all applications for enrollment hereunder. If the ***employee*** failed to make timely enrollment, the ***employee*** is considered a ***late enrollee*** and not eligible for coverage under the *Plan* until the next open enrollment period unless the ***employee*** otherwise qualifies for special enrollment during the *Plan* year.

EMPLOYEE(S) EFFECTIVE DATE

An employer may require new employees to complete a one (1) month, less one (1) day, "reasonable and bona fide" orientation period before the eligibility waiting period begins for the employer's group health plan.

Eligible ***employees***, as described in *Employee Eligibility*, are covered under the *Plan* on the first day of the month following completion of thirty (30) days of continuous ***full-time*** employment, provided the ***employee*** has enrolled for coverage as described in *Employee Enrollment*.

DEPENDENT(S) ELIGIBILITY

The following describes ***dependent*** eligibility requirements. The ***employer*** will require proof of ***dependent*** status.

1. The term "spouse" means the spouse of the ***employee*** under a legally valid existing marriage, as defined by the state in which the ***employee*** was legally married, unless court ordered separation exists.
2. The ***employee's*** natural child, stepchild, legally adopted child, child ***placed for adoption, foster child*** and a child for whom the ***employee*** or covered spouse has been appointed legal guardian, provided the child is less than twenty-six (26) years of age. **Note:** ***Dependent*** children are eligible through the end of the month in which they attain the age of twenty-six (26).

3. An eligible child shall also include any other child of an **employee** or their spouse who is recognized in a National Medical Support Notice (NMSN) which has been issued by any court judgment, decree, or order as being entitled to enrollment for coverage under the **Plan**. Such child shall be referred to as an **alternate recipient**. **Alternate recipients** are eligible for coverage only if the **employee** is also covered under the **Plan**. An application for enrollment must be submitted to the **employer** for coverage under the **Plan**. The **employer/plan administrator** shall establish written procedures for determining whether a medical child support order is a NMSN and for administering the provision of benefits under the **Plan** pursuant to a valid NMSN. Within a reasonable period after receipt of a medical child support order, the **employer/plan administrator** shall determine whether such order is a NMSN, as defined in 42 U.S.C.A §666 of the Child Support Performance and Incentive Act of 1998.

The **employer/plan administrator** reserves the right, waivable at its discretion, to seek clarification with respect to the order from the court or administrative agency which issued the order, up to and including the right to seek a hearing before the court or agency.

4. A **dependent** child who was covered under the **Plan** prior to the end of the month in which the child reached twenty-six (26) years of age and who lives with the **employee**, is unmarried, incapable of self-sustaining employment and dependent upon the **employee** for support due to a mental and/or physical disability, will remain eligible for coverage under the **Plan** beyond the date coverage would otherwise terminate.

Proof of incapacitation for such **dependent** child who reaches age twenty-six (26) after the **effective date** shown on the first page of this **Plan** document must be provided within thirty-one (31) days of the date the coverage would otherwise terminate.

Proof of incapacitation for any **dependent** child after age twenty-six (26) may be requested by the **employer** or **claims processor**, but not more than once every two (2) years. Eligibility may not be continued beyond the earliest of the following:

- a. Cessation of the mental and/or physical disability;
- b. Failure to furnish any required proof of mental and/or physical disability or to submit to any required examination.

Every eligible **employee** may enroll eligible **dependents**. However, if both the husband and wife are **employees**, they may choose to have one covered as the **employee**, and the spouse covered as the **dependent** of the **employee**, or they may choose to have both covered as **employees**. Eligible children may be enrolled as **dependents** of one or both spouses.

DEPENDENT ENROLLMENT

An **employee** must file a written application (or electronic, if applicable) with the **employer** for coverage hereunder for his eligible **dependents** within thirty-one (31) days of becoming eligible for coverage; and within thirty-one (31) days of marriage or the acquiring of children or birth of a child. The **employee** shall have the responsibility of timely forwarding to the **employer** all applications for enrollment hereunder. If the **employee** failed to make timely enrollment for his eligible **dependents**, the **dependents** are considered **late enrollees** and not eligible for coverage under the **Plan** until the next open enrollment period, unless the **dependent** otherwise qualifies for a special enrollment during the **Plan** year.

DEPENDENT(S) EFFECTIVE DATE

Eligible **dependent(s)**, as described in *Dependent(s) Eligibility*, will become covered under the **Plan** on the later of the dates listed below, provided the **employee** has enrolled them in the **Plan** within thirty-one (31) days of meeting the **Plan's** eligibility requirements and any required contributions are made.

1. The date the **employee's** coverage becomes effective.

2. The date the **dependent** is acquired, provided the **employee** has applied for **dependent** coverage within thirty-one (31) days of the date acquired.
3. Newborn children will be considered a **dependent** under the **Plan** for thirty-one (31) days immediately following birth. For coverage under the **Plan** for the newborn beyond that date, the **employee** must submit an application for enrollment within thirty-one (31) days of birth.
4. Coverage for a newly adopted or to be adopted child shall be effective on the date the child is **placed for adoption**, provided the **employee** has applied for **dependent** coverage within thirty-one (31) days of the date the child is **placed for adoption**.

SPECIAL ENROLLMENT PERIOD (OTHER COVERAGE)

An **employee** or **dependent** who did not enroll for coverage under this **Plan** because he was covered under other group coverage or had health insurance coverage at the time he was initially eligible for coverage under this **Plan**, may request a special enrollment period if he is no longer eligible for the other coverage. Special enrollment periods will be granted if the individual's loss of eligibility is due to:

1. Termination of the other coverage (including exhaustion of COBRA benefits).
2. Cessation of employer contributions toward the other coverage.
3. Legal separation or divorce.
4. Termination of other employment or reduction in number of hours of other employment.
5. Death of **dependent** or spouse.
6. Cessation of other coverage because **employee** or **dependent** no longer resides or works in the service area and no other benefit package is available to the individual.
7. Cessation of **dependent** status under other coverage and **dependent** is otherwise eligible under **employee's Plan**.

Notwithstanding any provision of the **Plan** to the contrary, all benefits received by an individual under any benefit option, package or coverage under the **Plan** shall be applied toward any applicable **maximum benefit** paid by the **Plan** for any one **covered person** for such option, package or coverage under the **Plan**, and also toward any applicable **maximum benefit** under any other options, packages or coverages under the **Plan** in which the individual may participate in the future.

The end of any extended benefits period, which has been provided due to any of the above, will also be considered a loss of eligibility.

However, loss of eligibility does not include a loss due to failure of the individual to pay premiums or contributions on a timely basis or termination of coverage for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the other coverage).

The **employee** or **dependent** must request the special enrollment and enroll no later than thirty-one (31) days from the date of loss of other coverage.

The **effective date** of coverage as the result of a special enrollment shall be the date of loss of other coverage.

SPECIAL ENROLLMENT PERIOD (DEPENDENT ACQUISITION)

An **employee** who is currently covered or not covered under the **Plan**, but who acquires a new **dependent** may request a special enrollment period for himself, if applicable, his newly acquired **dependent** and his spouse, if not already covered under the **Plan** and otherwise eligible for coverage.

For the purposes of this provision, the acquisition of a new **dependent** includes:

- marriage
- birth of a **dependent** child
- adoption or **placement for adoption** of a **dependent** child
- legal guardianship of a **dependent** child
- a **foster child** being placed with the **employee**

The **employee** must request the special enrollment within thirty-one (31) days of the acquisition of the **dependent**.

The **effective date** of coverage as the result of a special enrollment shall be:

1. in the case of marriage, the date of such marriage;
2. in the case of a **dependent's** birth, the date of such birth;
3. in the case of adoption or **placement for adoption**, the date of such adoption or **placement for adoption**;
4. in the case of legal guardianship, the date on which such child is placed in the covered **employee's** home pursuant to a court order appointing the covered **employee** as legal guardian for the child;
5. in the case of a **foster child** being placed with the **employee**, on the date on which such child is placed with the **employee** by an authorized placement agency or by judgment, decree or other order of a court of competent jurisdiction.

SPECIAL ENROLLMENT PERIOD (CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP) REAUTHORIZATION ACT OF 2009)

The **Plan** intends to comply with the Children's Health Insurance Program Reauthorization Act of 2009.

An **employee** who is currently covered or not covered under the **Plan** may request a special enrollment period for himself, if applicable, and his **dependent**. Special enrollment periods will be granted if:

1. the individual's loss of eligibility is due to termination of coverage under a state children's health insurance program or Medicaid; or,
2. the individual is eligible for any applicable premium assistance under a state children's health insurance program or Medicaid.

The **employee** or **dependent** must request the special enrollment and enroll no later than sixty (60) days from the date of loss of other coverage or from the date the individual becomes eligible for any applicable premium assistance.

OPEN ENROLLMENT

Open enrollment is the period designated by the **employer** during which the **employee** may change benefit plans or enroll in the **Plan** if he did not do so when first eligible or does not qualify for a special enrollment period. An open enrollment will be permitted once in each calendar year as designated by the **employer**.

During this open enrollment period, an **employee** and his **dependents** who are covered under the **Plan** or covered under any **employer** sponsored health plan may elect coverage or change coverage under the **Plan** for himself and his eligible **dependents**. An **employee** must make written application (or electronic, if applicable) as provided by the **employer** during the open enrollment period to change benefit plans.

The **effective date** of coverage as the result of an open enrollment period will be the following January 1st.

Except for a status change listed below, the open enrollment period is the only time an **employee** may change benefit options or modify enrollment. Status changes include:

1. Change in family status. A change in family status shall include only:
 - a. Change in **employee's** legal marital status;
 - b. Change in number of **dependents**;
 - c. Termination or commencement of employment by the **employee**, spouse or **dependent**;
 - d. Change in work schedule;
 - e. **Dependent** satisfies (or ceases to satisfy) **dependent** eligibility requirements;
 - f. Change in residence or worksite of **employee**, spouse or **dependent**.
2. Significant change in the cost of coverage under the **employer's** group medical plan.
3. Cessation of required contributions.
4. Taking or returning from a **leave of absence** under the Family and Medical Leave Act of 1993.
5. Significant change in the health coverage of the **employee** or spouse attributable to the spouse's employment.
6. A Special Enrollment Period as mandated by the Health Insurance Portability and Accountability Act of 1996.
7. A court order, judgment or decree.
8. Entitlement to **Medicare** or Medicaid, or enrollment in a state child health insurance program (CHIP).
9. A COBRA qualifying event.

TERMINATION OF COVERAGE

Except as provided in the *Plan's Continuation of Coverage* (COBRA) provision, coverage will terminate on the earliest of the following dates:

7. The date the *Plan* discontinues *dependent* coverage for any and all *dependents*.
8. The date the *employee's dependent* spouse becomes eligible as an *employee*.

LAYOFF

Coverage may be continued for a limited time, contingent upon payment of any required contributions for *employees* and/or *dependents*, when the *employee* is subject to an *employer layoff*.

SEVERANCE

Coverage may be continued for a limited time, contingent upon payment of any required contributions for *employees* and/or *dependents*, as the result of a severance package agreement for the length of time negotiated between the *employee* and *employer*. Such coverage shall run concurrently with any available COBRA continuation coverage. In no event will coverage continue for more than eighteen (18) months after the *employee's* active service ends.

FAMILY AND MEDICAL LEAVE ACT (FMLA)

Eligible Leave

An **employee** who is eligible for unpaid leave and benefits under the terms of the Family and Medical Leave Act of 1993 (FMLA), as amended, has the right to continue coverage under the **Plan** for up to twelve (12) weeks (or twenty-six (26) weeks in certain circumstances). **Employees** should contact the **employer** to determine whether they are eligible under FMLA.

Contributions

During this leave, the **employer** will continue to pay the same portion of the **employee's** contribution for the **Plan**. The **employee** shall be responsible to continue payment for eligible **dependent's** coverage and any remaining **employee** contributions. If the covered **employee** fails to make the required contribution during a FMLA leave within thirty (30) days after the date the contribution was due, the coverage will terminate effective on the date the contribution was due.

Reinstatement

If coverage under the **Plan** was terminated during an approved FMLA leave, and the **employee** returns to active work immediately upon completion of that leave, **Plan** coverage will be reinstated on the date the **employee** returns to active work as if coverage had not terminated, provided the **employee** makes any necessary contributions and enrolls for coverage within thirty-one (31) days of his return to active work.

Repayment Requirement

The **employer** may require **employees** who fail to return from a leave under FMLA to repay any contributions paid by the **employer** on the **employee's** behalf during an unpaid leave. This repayment will be required only if the **employee's** failure to return from such leave is not related to a "serious health condition," as defined in FMLA, or events beyond the **employee's** control.

EMPLOYEE REINSTATEMENT

Employees and eligible **dependents** who lost coverage due to an approved **leave of absence, layoff**, or termination of employment with the **employer** are eligible for reinstatement of coverage as follows:

1. Reinstatement of coverage is available to **employees** and **dependents** who were previously covered under the **Plan**.
2. Rehire or return to active service must occur within thirteen (13) weeks of the last day worked.
3. The **employee** must submit the completed application for enrollment to the **employer** within thirty-one (31) days of rehire or return to work.
4. Coverage shall be effective from the date of rehire or return to work. Prior benefits and limitations, such as deductible, **Essential Health Benefits/non-Essential Health Benefits maximum benefit** shall be applied with no break in coverage.

If the provisions of (1) through (3) above are not met, the **Plan's** provisions for eligibility and application for enrollment shall apply.

An **employee** who returns to work more than thirteen (13) weeks following an approved **leave of absence, layoff**, or termination of employment will be considered a new **employee** for purposes of eligibility and will be subject to all eligibility requirements, including all requirements relating to the **effective date** of coverage.

CONTINUATION OF COVERAGE

In order to comply with federal regulations, the **Plan** includes a continuation of coverage option for certain individuals whose coverage would otherwise terminate. The following is intended to comply with the Public Health Services Act. This continuation of coverage may be commonly referred to as "COBRA coverage" or "continuation coverage."

The coverage which may be continued under this provision consists of health coverage. It does not include life insurance benefits, accidental death and dismemberment benefits, or income replacement benefits. Health coverage includes medical and prescription drug benefits as provided under the **Plan**.

QUALIFYING EVENTS

Qualifying events are any one of the following events that would cause a **covered person** to lose coverage under the **Plan** or cause an increase in required contributions, even if such loss of coverage or increase in required contributions does not take effect immediately, and allow such person to continue coverage beyond the date described in *Termination of Coverage*:

1. Death of the **employee**.
2. The **employee's** termination of employment (other than termination for gross misconduct), or reduction in work hours to less than the minimum required for coverage under the **Plan**. This event is referred to below as an "18-Month Qualifying Event."
3. Divorce or legal separation from the **employee**.
4. The **employee's** entitlement to **Medicare** benefits under Title XVIII of the Social Security Act, if it results in the loss of coverage under this **Plan**.
5. A **dependent** child no longer meets the eligibility requirements of the **Plan**.
6. A covered **retiree** and their covered **dependents** whose benefits were substantially eliminated within one (1) year of the **employer** filing for Chapter 11 bankruptcy.

NOTIFICATION REQUIREMENTS

1. When eligibility for continuation of coverage results from a spouse being divorced or legally separated from a covered **employee**, or a child's loss of **dependent** status, the **employee** or **dependent** must submit a completed Qualifying Event Notification form to the **plan administrator** (or its designee) within sixty (60) days of the latest of:
 - a. The date of the event;
 - b. The date on which coverage under the **Plan** is or would be lost as a result of that event; or
 - c. The date on which the **employee** or **dependent** is furnished with a copy of this Plan Document.

A copy of the Qualifying Event Notification form is available from the **plan administrator** (or its designee). In addition, the **employee** or **dependent** may be required to promptly provide any supporting documentation as may be reasonably requested for purposes of verification. Failure to provide such notice and any requested supporting documentation will result in the person forfeiting their rights to continuation of coverage under this provision.

Within fourteen (14) days of the receipt of a properly completed Qualifying Event Notification, the **plan administrator** (or its designee) will notify the **employee** or **dependent** of his rights to continuation of coverage, and what process is required to elect continuation of coverage. This notice is referred to below as "Election Notice."

2. When eligibility for continuation of coverage results from any qualifying event under the **Plan** other than the ones described in Paragraph 1 above, the **employer** must notify the **plan administrator** (or its designee) not later than thirty (30) days after the date on which the **employee** or **dependent** loses coverage under the **Plan** due to the qualifying event. Within fourteen (14) days of the receipt of the notice of the qualifying event, the **plan administrator** (or its designee) will furnish the Election Notice to the **employee** or **dependent**.
3. In the event it is determined that an individual seeking continuation of coverage (or extension of continuation coverage) is not entitled to such coverage, the **plan administrator** (or its designee) will provide to such individual an explanation as to why the individual is not entitled to continuation coverage. This notice is referred to here as the "Non-Eligibility Notice." The Non-Eligibility Notice will be furnished in accordance with the same time frame as applicable to the furnishing of the Election Notice.
4. In the event an Election Notice is furnished, the eligible **employee** or **dependent** has sixty (60) days to decide whether to elect continued coverage. Each person who is described in the Election Notice and was covered under the **Plan** on the day before the qualifying event has the right to elect continuation of coverage on an individual basis, regardless of family enrollment. If the **employee** or **dependent** chooses to have continuation coverage, he must advise the **plan administrator** (or its designee) of this choice by returning to the **plan administrator** (or its designee) a properly completed Election Notice not later than the last day of the sixty (60) day period. If the Election Notice is mailed to the **plan administrator** (or its designee), it must be postmarked on or before the last day of the sixty (60) day period. This sixty (60) day period begins on the later of the following:
 - a. The date coverage under the **Plan** would otherwise end; or
 - b. The date the person receives the Election Notice from the **plan administrator** (or its designee).
5. Within forty-five (45) days after the date the person notifies the **plan administrator** (or its designee) that he has chosen to continue coverage, the person must make the initial payment. The initial payment will be the amount needed to provide coverage from the date continued benefits begin, through the last day of the month in which the initial payment is made. Thereafter, payments for the continuation coverage are to be made monthly, and are due in advance, on the first day each month.

COST OF COVERAGE

1. The **Plan** requires that **covered persons** pay the entire costs of their continuation coverage, plus a two percent (2%) administrative fee. Except for the initial payment (see above), payments must be remitted to the **plan administrator** (or its designee) by or before the first day of each month during the continuation period. The payment must be remitted on a timely basis in order to maintain the coverage in force.
2. For a person originally covered as an **employee** or as a spouse, the cost of coverage is the amount applicable to an **employee** if coverage is continued for himself alone. For a person originally covered as a child and continuing coverage independent of the family unit, the cost of coverage is the amount applicable to an **employee**.

WHEN CONTINUATION COVERAGE BEGINS

When continuation coverage is elected and the initial payment is made within the time period required, coverage is reinstated back to the date of the loss of coverage, so that no break in coverage occurs. Coverage for **dependents** acquired and properly enrolled during the continuation period begins in accordance with the enrollment provisions of the **Plan**.

FAMILY MEMBERS ACQUIRED DURING CONTINUATION

A spouse or **dependent** child newly acquired during continuation coverage is eligible to be enrolled as a **dependent**. The standard enrollment provision of the **Plan** applies to enrollees during continuation coverage. A **dependent** acquired and enrolled after the original qualifying event, other than a child born to or **placed for adoption** with a covered **employee** during a period of COBRA continuation coverage, is not eligible for a separate continuation if a subsequent event results in the person's loss of coverage.

EXTENSION OF CONTINUATION COVERAGE

1. In the event any of the following events occur during the period of continuation coverage resulting from an 18-Month Qualifying Event, it is possible for a ***dependent's*** continuation coverage to be extended:
 - a. Death of the ***employee***.
 - b. Divorce or legal separation from the ***employee***.
 - c. The child's loss of ***dependent*** status.

Written notice of such event must be provided by submitting a completed Additional Extension Event Notification form to the ***plan administrator*** (or its designee) within sixty (60) days of the latest of:

- (i.) The date of that event;
- (ii.) The date on which coverage under the ***Plan*** would be lost as a result of that event if the first qualifying event had not occurred; or
- (iii.) The date on which the ***employee*** or ***dependent*** is furnished with a copy of the Plan Document.

A copy of the Additional Extension Event Notification form is available from the ***plan administrator*** (or its designee). In addition, the ***dependent*** may be required to promptly provide any supporting documentation as may be reasonably required for purposes of verification. Failure to properly provide the Additional Extension Event Notification and any requested supporting documentation will result in the person forfeiting their rights to extend continuation coverage under this provision. In no event will any extension of continuation coverage extend beyond thirty-six (36) months from the later of the date of the first qualifying event or the date as of which continuation coverage began.

Only a person covered prior to the original qualifying event or a child born to or ***placed for adoption*** with a covered ***employee*** during a period of COBRA coverage may be eligible to continue coverage through an extension of continuation coverage as described above. Any other ***dependent*** acquired during continuation coverage is not eligible to extend continuation coverage as described above.

2. A person who loses coverage on account of an 18-Month Qualifying Event may extend the maximum period of continuation coverage from eighteen (18) months to up to twenty-nine (29) months in the event both of the following occur:
 - a. That person (or another person who is entitled to continuation coverage on account of the same 18-Month Qualifying Event) is determined by the Social Security Administration, under Title II or Title XVI of the Social Security Act, to have been disabled before the sixtieth (60th) day of continuation coverage; and
 - b. The disability status, as determined by the Social Security Administration, lasts at least until the end of the initial eighteen (18) month period of continuation coverage.

The disabled person (or his representative) must submit written proof of the Social Security Administration's disability determination to the ***plan administrator*** (or its designee) within the initial eighteen (18) month period of continuation coverage and no later than sixty (60) days after the latest of:

- (i.) The date of the disability determination by the Social Security Administration;
- (ii.) The date of the 18-Month Qualifying Event;
- (iii.) The date on which the person loses (or would lose) coverage under the ***Plan*** as a result of the 18-Month Qualifying Event; or
- (iv.) The date on which the person is furnished with a copy of the Plan Document.

Should the disabled person fail to notify the ***plan administrator*** (or its designee) in writing within the time frame described above, the disabled person (and others entitled to disability extension on account of that person) will then be entitled to whatever period of continuation he or they would otherwise be entitled to, if

any. The **Plan** may require that the individual pay one hundred and fifty percent (150%) of the cost of continuation coverage during the additional eleven (11) months of continuation coverage. In the event the Social Security Administration makes a final determination that the individual is no longer disabled, the individual must provide notice of that final determination no later than thirty (30) days after the later of:

- (A.) The date of the final determination by the Social Security Administration; or
- (B.) The date on which the individual is furnished with a copy of the Plan Document.

END OF CONTINUATION

Continuation of coverage under this provision will end on the earliest of the following dates:

1. Eighteen (18) months (or twenty-nine (29) months if continuation coverage is extended due to certain disability status as described above) from the date continuation began because of an 18-Month Qualifying Event or the last day of leave under the Family and Medical Leave Act of 1993.
2. Twenty-four (24) months from the date continuation began because of the call-up to military duty.
3. Thirty-six (36) months from the date continuation began for **dependents** whose coverage ended because of the death of the **employee**, divorce or legal separation from the **employee**, or the child's loss of **dependent** status.
4. The end of the period for which contributions are paid if the **covered person** fails to make a payment by the date specified by the **plan administrator** (or its designee). In the event continuation coverage is terminated for this reason, the individual will receive a notice describing the reason for the termination of coverage, the effective date of termination, and any rights the individual may have under the **Plan** or under applicable law to elect an alternative group or individual coverage, such as a conversion right. This notice is referred to below as an "Early Termination Notice."
5. The date coverage under the **Plan** ends and the **employer** offers no other group health benefit plan. In the event continuation coverage is terminated for this reason, the individual will receive an Early Termination Notice.
6. The date the **covered person** first becomes entitled, after the date of the **covered person's** original election of continuation coverage, to **Medicare** benefits under Title XVIII of the Social Security Act. In the event continuation coverage is terminated for this reason, the individual will receive an Early Termination Notice.
7. The date the **covered person** first becomes covered under any other employer's group health plan after the original date of the **covered person's** election of continuation coverage.
8. For the spouse or **dependent** child of a covered **employee** who becomes entitled to **Medicare** prior to the spouse's or **dependent's** election for continuation coverage, thirty-six (36) months from the date the covered **employee** becomes entitled to **Medicare**.
9. **Retirees**, and widows or widowers of **retirees** who died before substantial elimination of coverage within one (1) year of the **employer's** bankruptcy, are entitled to lifetime continuation coverage. However, if a **retiree** dies after substantial elimination of coverage within one (1) year of the **employer's** bankruptcy, the surviving spouse and **dependent** children may only elect an additional thirty-six (36) months of continuation coverage after the death.

SPECIAL RULES REGARDING NOTICES

1. Any notice required in connection with continuation coverage under the **Plan** must, at minimum, contain sufficient information so that the **plan administrator** (or its designee) is able to determine from such notice

the **employee** and **dependent(s)** (if any), the qualifying event or disability, and the date on which the qualifying event occurred.

2. In connection with continuation coverage under the **Plan**, any notice required to be provided by any individual who is either the **employee** or a **dependent** with respect to the qualifying event may be provided by a representative acting on behalf of the **employee** or the **dependent**, and the provision of the notice by one individual shall satisfy any responsibility to provide notice on behalf of all related eligible individuals with respect to the qualifying event.
3. As to an Election Notice, Non-Eligibility Notice or Early Termination Notice:
 - a. A single notice addressed to both the **employee** and the spouse will be sufficient as to both individuals if, on the basis of the most recent information available to the **Plan**, the spouse resides at the same location as the **employee**; and
 - b. A single notice addressed to the **employee** or the spouse will be sufficient as to each **dependent** child of the **employee** if, on the basis of the most recent information available to the **Plan**, the **dependent** child resides at the same location as the individual to whom such notice is provided.

MILITARY MOBILIZATION

If an **employee** is called for active duty by the United States Armed Services (including the Coast Guard, the National Guard or the Public Health Service), the **employee** and the **employee's dependent** may continue their health coverages, pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA).

When the leave is less than thirty-one (31) days, the **employee** and the **employee's dependent** may not be required to pay more than the **employee's** share, if any, applicable to that coverage. If the leave is thirty-one (31) days or longer, then the **plan administrator** (or its designee) may require the **employee** and the **employee's dependent** to pay no more than one hundred and two percent (102%) of the full contribution.

The maximum length of the continuation coverage required under the Uniformed Services Employment and Reemployment Rights Act (USERRA) is the lesser of:

1. Twenty-four (24) months beginning on the day that the leave commences, or
2. A period beginning on the day that the leave began and ending on the day after the **employee** fails to return to employment within the time allowed.

The period of continuation coverage under USERRA will be counted toward any continuation coverage period concurrently available under COBRA. Upon return from active duty, the **employee** and the **employee's dependent** will be reinstated without a waiting period, regardless of their election of COBRA continuation coverage.

PLAN CONTACT INFORMATION

Questions concerning the **Plan**, including any available continuation coverage, can be directed to the **plan administrator** (or its designee).

ADDRESS CHANGES

In order to help ensure the appropriate protection of rights and benefits under the **Plan**, **covered persons** should keep the **plan administrator** (or its designee) informed of any changes to their current addresses.

MEDICAL CLAIM FILING PROCEDURE

A “pre-service claim” is a claim for a **Plan** benefit that is subject to the pre-certification rules, as described in the section, *Pre-Service Claim Procedure*. All other claims for **Plan** benefits are “post-service claims” and are subject to the rules described in the section, *Post-Service Claim Procedure*, or in the section *Concurrent Care Claims*.

POST-SERVICE CLAIM PROCEDURE

FILING A CLAIM

1. A claim form is to be completed for each covered family member at the beginning of the calendar year and for each claim involving an ***injury***. Appropriate claim forms are available from the Human Resource Department.

2. Claims should be submitted to the address shown on the ID card.

Cigna will determine the Cigna ***negotiated rate*** on claims received for benefits and submit all claims to the ***claims processor*** for benefit determination.

The date of receipt will be the date the claim is received by Cigna.

3. All claims submitted for benefits must contain all of the following:
 - a. Name of patient.
 - b. Patient’s date of birth.
 - c. Name of ***employee***.
 - d. Address of ***employee***.
 - e. Name of ***employer*** and group number.
 - f. Name, address and tax identification number of provider.

4. All claims not submitted within twelve (12) months from the date the services were rendered will not be a ***covered expense*** and will be denied.

The ***covered person*** may ask the health care provider to submit the claim directly to Cigna as outlined above, or the ***covered person*** may submit the bill with a claim form. However, it is ultimately the ***covered person’s*** responsibility to make sure the claim for benefits has been filed.

NOTICE OF AUTHORIZED REPRESENTATIVE

The ***covered person*** may provide the ***plan administrator*** (or its designee) with a written authorization for an authorized representative to represent and act on behalf of a ***covered person*** and consent to the release of information related to the ***covered person*** to the authorized representative with respect to a claim for benefits or an appeal. Authorization forms may be obtained from the Human Resource Department.

NOTICE OF CLAIM

A claim for benefits should be submitted to the ***claims processor*** within ninety (90) calendar days after the occurrence or commencement of any services by the ***Plan***, or as soon thereafter as reasonably possible.

Failure to file a claim within the time provided shall not invalidate or reduce a claim for benefits if: (1) it was not reasonably possible to file a claim within that time; and (2) that such claim was furnished as soon as possible, but no later than twelve (12) months after the loss occurs or commences, unless the claimant is legally incapacitated.

Notice given by or on behalf of a ***covered person*** or his beneficiary, if any, to the ***plan administrator*** or to any authorized agent of the ***Plan***, with information sufficient to identify the ***covered person***, shall be deemed notice of claim.

TIME FRAME FOR BENEFIT DETERMINATION

After a completed claim has been submitted to the ***claims processor***, and no additional information is required, the ***claims processor*** will generally complete its determination of the claim within thirty (30) calendar days of receipt of the completed claim unless an extension is necessary due to circumstances beyond the ***Plan's*** control.

After a completed claim has been submitted to the ***claims processor***, and if additional information is needed for determination of the claim, the ***claims processor*** will provide the ***covered person*** (or authorized representative) with a notice detailing information needed. The notice will be provided within thirty (30) calendar days of receipt of the completed claim and will state the date as of which the ***Plan*** expects to make a decision. The ***covered person*** will have forty-five (45) calendar days to provide the information requested, and the ***Plan*** will complete its determination of the claim within fifteen (15) calendar days of receipt by the ***claims processor*** of the requested information. Failure to respond in a timely and complete manner will result in an ***adverse benefit determination***.

NOTICE OF ADVERSE BENEFIT DETERMINATION

If the claim for benefits is denied, the ***plan administrator*** (or its designee) shall provide the ***covered person*** (or authorized representative) with a written Notice of Adverse Benefit Determination within the time frames described immediately above.

The Notice of Adverse Benefit Determination shall include an explanation of the denial, including:

1. Information sufficient to identify the claim involved.
2. The specific reasons for the ***adverse benefit determination***, to include:
 - a. The denial code and its specific meaning, and
 - b. A description of the ***Plan's*** standards, if any, used when denying the claim.
3. Reference to the ***Plan*** provisions on which the ***adverse benefit determination*** is based.
4. A description of any additional material or information needed and an explanation of why such material or information is necessary.
5. A description of the ***Plan's*** claim appeal procedure and applicable time limits.
6. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Adverse Benefit Determination will contain either:
 - a. A copy of that criterion, or
 - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
7. If the ***adverse benefit determination*** was based on ***medical necessity, experimental/investigational*** treatment or similar exclusion or limit, the ***plan administrator*** (or its designee) will supply either:
 - a. An explanation of the scientific or clinical judgment, applying the terms of the ***Plan*** to the ***covered person's*** medical circumstances, or
 - b. A statement that such explanation will be supplied free of charge, upon request.

APPEALING AN ADVERSE BENEFIT DETERMINATION ON A POST-SERVICE CLAIM

A ***covered person***, or the ***covered person's*** authorized representative, may request a review of an ***adverse benefit determination*** on a Post-Service claim by making written request to the ***claims processor*** within one hundred eighty (180) calendar days from receipt of notification of the ***adverse benefit determination*** and stating the reasons the ***covered person*** feels the claim should not have been denied.

The following describes the review process and rights of the ***covered person*** for a full and fair review:

1. The ***covered person*** has the right to submit documents, information and comments and to present evidence and testimony.
2. The ***covered person*** has the right to access, free of charge, ***relevant information*** to the claim for benefits.
3. Before a final ***adverse benefit determination*** on appeal is rendered, the ***covered person*** will be provided, free of charge, with any new or additional rationale or evidence considered, relied upon, or generated by the ***Plan*** in connection with the claim. Such information will be provided as soon as possible and sufficiently in advance of the notice of ***final internal adverse benefit determination***. However there could be circumstances where the new or additional evidence or rationale could be received so late that it would be impossible to provide to the ***covered person*** in time to have a reasonable opportunity to respond. In these circumstances, the period for providing notice of final determination on appeal will be tolled until the earliest of the following dates:
 - a. The date the ***covered person*** responds to the new or additional rationale or evidence; or
 - b. Three (3) weeks from the date the new or additional rationale or evidence was mailed to the ***covered person***.
4. The review takes into account all information submitted by the ***covered person***, even if it was not considered in the initial benefit determination.
5. The review by the ***claims processor*** will not afford deference to the original ***adverse benefit determination***.
6. The ***claims processor*** will not be:
 - a. The individual who originally denied the claim, nor
 - b. Subordinate to the individual who originally denied the claim.
7. If the original ***adverse benefit determination*** was, in whole or in part, based on medical judgment:
 - a. The ***claims processor*** will consult with a ***professional provider*** who has appropriate training and experience in the field involving the medical judgment; and
 - b. The ***professional provider*** utilized by the ***claims processor*** will be neither:
 - (i.) An individual who was consulted in connection with the original ***adverse benefit determination***, nor
 - (ii.) A subordinate of any other ***professional provider*** who was consulted in connection with the original ***adverse benefit determination***.
8. If requested, the ***claims processor*** will identify the medical or vocational expert(s) who gave advice in connection with the original ***adverse benefit determination***, whether or not the advice was relied upon.

NOTICE OF BENEFIT DETERMINATION ON APPEAL

The ***plan administrator*** (or its designee) shall provide the ***covered person*** (or authorized representative) with a written notice of the appeal decision within sixty (60) calendar days of receipt of a written request for the appeal.

If the appeal is denied, the Notice of Appeal Decision will contain an explanation of the Decision, including:

1. The specific reasons for the ***adverse benefit determination***.
2. Reference to specific ***Plan*** provisions on which the ***adverse benefit determination*** is based.
3. A statement that the ***covered person*** has the right to access, free of charge, ***relevant information*** to the claim for benefits.
4. A statement of the ***covered person's*** right to request an external review and a description of the process for requesting such a review.

5. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Appeal Decision will contain either:
 - a. A copy of that criterion, or
 - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
6. If the **adverse benefit determination** was based on **medical necessity, experimental/investigational** treatment or similar exclusion or limit, the **plan administrator** (or its designee) will supply either:
 - a. An explanation of the scientific or clinical judgment, applying the terms of the **Plan** to the claimant's medical circumstances, or
 - b. A statement that such explanation will be supplied free of charge, upon request.

FOREIGN CLAIMS

In the event a **covered person** incurs a **covered expense** in a foreign country, the **covered person** shall be responsible for submitting the claim form, provider invoice and any documentation required to process the claim in the English language to the **claims processor** before payment of any benefits due are payable.

PRE-SERVICE CLAIM PROCEDURE

HEALTH CARE MANAGEMENT

Health care management is the process of evaluating whether proposed services, supplies or treatments are **medically necessary** and appropriate to help ensure quality, cost-effective care.

Certification of **medical necessity** and appropriateness by the **Health Care Management Organization** does not establish eligibility under the **Plan** nor guarantee benefits.

FILING A PRE-CERTIFICATION CLAIM

This pre-certification provision will be waived by the **Health Care Management Organization** if the **covered expense** is rendered/provided outside of the United States of America or any U.S. Commonwealth, Territory or Possession.

All non-**emergency medical condition inpatient** admissions, are to be certified by the **Health Care Management Organization**. For non-**emergency medical conditions**, the Cigna **preferred provider**, in accordance with their agreement with Cigna, must call the **Health Care Management Organization** at least fifteen (15) calendar days prior to initiation of services.

The **covered person** (or their authorized representative) or **nonpreferred provider** must contact the **Health Care Management Organization** to certify all non-**emergency medical condition inpatient** admissions, rendered by a **nonpreferred provider**, at least (15) calendar days prior to initiation of services for non-**emergency medical conditions**.

If the **Health Care Management Organization** is not called at least fifteen (15) calendar days prior to initiation of services for non-**emergency medical conditions**, benefits may be reduced.

In addition, the following services, diagnostic and surgical procedures require certification by the **Health Care Management Organization**:

1. All **inpatient** admissions, including but not limited to:
 - a. Acute care (services rendered in the **hospital** setting not included in any other **inpatient** pre-certification category)
 - b. Routine and high risk maternity (routine only if **inpatient** stay exceeds federal requirements)
 - c. Long term acute care
 - d. Skilled nursing facility
 - e. Rehabilitation

- f. Detox
- g. **Mental health disorders** and **substance use disorders**, both **hospital** and residential
- h. **Hospice**
- 2. Home health care (home nursing care including but not limited to registered nurse, licensed practical nurse or aid in the home)
- 3. **Outpatient** procedures that are potentially cosmetic (including but not limited to facial reconstruction, varicose vein treatment, breast reconstruction or reduction, blepharoplasty, rhinoplasty)
- 4. Transplants (including but not limited to adult or pediatric, living or cadaveric donors for heart, heart/lung, intestinal, liver, pancreas, pancreatic islet cell, multivisceral solid organ transplants; preparation for and including allogeneic/autologous hematopoietic/bone marrow transplants; transplant-related travel and lodging)
- 5. Home infusion therapy (including but not limited to immunotherapy, continuous medications, hydration, total parenteral nutrition, pain management)
- 6. Injectable medications (including but not limited to immune globulin, drugs for factor deficiencies, interferon, Rituxan, chemotherapeutic agents, botox)
- 7. Cochlear implants (including but not limited to osseointegrated, cochlear or auditory brain stem implant)
- 8. Oral pharynx procedures (including but not limited to uvulectomy, LAUP procedures, palatopharyngoplasty (PPP), uvulopalatopharyngoplasty (UPP))

Cigna **preferred providers** or **covered persons (or their authorized representatives)** or **nonpreferred providers** shall contact the **Health Care Management Organization** by calling the number on the back of the ID card.

When a Cigna **preferred provider**, or a **covered person** (or authorized representative) or **nonpreferred provider** calls the **Health Care Management Organization**, he or she should be prepared to provide all of the following information:

- 1. **Employee's** name, address, phone number and Luminare Health Benefits, Inc. Member Identification Number.
- 2. **Employer's** name.
- 3. If not the **employee**, the patient's name, address, phone number.
- 4. Admitting **physician's** name and phone number.
- 5. Name of **facility**.
- 6. Date of admission or proposed date of admission.
- 7. Condition for which patient is being admitted.

*Group health plans generally may not, under federal law, restrict benefits for any **hospital** length of stay in connection with childbirth for the mother or newborn child to less than forty-eight (48) hours following a normal vaginal delivery, or less than ninety-six (96) hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than forty-eight (48) hours (or ninety-six (96) hours as applicable). In any case, plans may not, under federal law, require that a provider obtain authorization from the **Plan** for prescribing a length of stay not in excess of the above periods.*

However, pre-certification is required on **hospital** maternity stays in excess of forty-eight (48) or ninety-six (96) hours as specified above.

If the **Health Care Management Organization** declines to grant the full pre-certification requested, benefits for days not certified as **medically necessary** by the **Health Care Management Organization** shall be denied. (Refer to *Post-Service Claim Procedure* discussion above.)

If a Cigna **preferred provider** fails to contact the **Health Care Management Organization** prior to the hospitalization or procedures identified above and within the timelines detailed above, the Cigna **preferred provider** shall not bill the **covered person** for the reduction in the amount of benefits payable due to such failure.

NOTIFICATION REQUIREMENT

Notification is required within forty-eight (48) hours or the next business day of an ***emergency medical condition*** admission by the calling the number on the ***covered person's*** ID card.

NOTICE OF AUTHORIZED REPRESENTATIVE

The ***covered person*** may provide the ***plan administrator*** (or its designee) with a written authorization for an authorized representative to represent and act on behalf of a ***covered person*** and consent to release of information related to the ***covered person*** to the authorized representative with respect to a claim for benefits or an appeal. Authorization forms may be obtained from the Human Resource Department. Notwithstanding the foregoing, requests for pre-certification and other pre-service claims or requests by a person or entity other than the ***covered person*** may be processed without a written authorization if the request or claim appears to the ***plan administrator*** (or its designee) to come from a reasonably appropriate and reliable source (e.g., ***physician's*** office, individuals identifying themselves as immediate relatives, etc.).

TIME FRAME FOR PRE-SERVICE CLAIM DETERMINATION

1. In the event the ***Plan*** receives from the ***covered person*** (or authorized representative) a communication that fails to follow the pre-certification procedure as described above but communicates at least the name of the ***covered person***, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the ***covered person*** (or the authorized representative) will be orally notified (and in writing if requested), within five (5) calendar days of the failure of the proper procedure to be followed.
2. After a completed pre-certification request for non-***urgent care*** has been submitted to the ***Plan***, and if no additional information is required, the ***Plan*** will generally complete its determination of the claim within a reasonable period of time, but no later than fifteen (15) calendar days from receipt of the request.
3. After a pre-certification request for non-***urgent care*** has been submitted to the ***Plan***, and if an extension of time to make a decision is necessary due to circumstances beyond the control of the ***Plan***, the ***Plan*** will, within fifteen (15) calendar days from receipt of the request, provide the ***covered person*** (or authorized representative) with a notice detailing the circumstances and the date by which the ***Plan*** expects to render a decision. If the circumstances include a failure to submit necessary information, the notice will specifically describe the needed information. The ***covered person*** will have forty-five (45) calendar days to provide the information requested, and the ***Plan*** will complete its determination of the claim no later than fifteen (15) calendar days after receipt by the ***Plan*** of the requested information. Failure to respond in a timely and complete manner will result in an ***adverse benefit determination***.

CONCURRENT CARE CLAIMS

If an extension beyond the original certification is required the Cigna ***preferred provider***, or ***covered person*** (or authorized representative) or ***nonpreferred provider*** for ***nonpreferred provider*** services, shall call the ***Health Care Management Organization*** for continuation of certification.

If a ***provider*** or a ***covered person*** (or authorized representative) requests to extend benefits for a previously approved hospitalization or an ongoing course of treatment, and;

1. The request involves non-***urgent care***, then the extension request must be processed within fifteen (15) calendar days after the request was received.
2. The ***inpatient*** admission or ongoing course of treatment involves ***urgent care***, and
 - a. The request is received at least twenty-four (24) hours before the scheduled end of the hospitalization or course of treatment, then the request must be ruled upon and the ***provider*** or the

covered person (or authorized representative) notified as soon as possible taking into consideration medical exigencies but no later than twenty-four (24) hours after the request was received; or

- b. The request is received less than twenty-four (24) hours before the scheduled end of the hospitalization or course of treatment, then the request must be ruled upon and the **provider** or **covered person** (or authorized representative) notified as soon as possible but no later than seventy-two (72) hours after the request was received; or
- c. The request is received less than twenty-four (24) hours before the scheduled end of the hospitalization or course of treatment and additional information is required, the **provider** or **covered person** (or authorized representative) will be notified within twenty-four (24) hours of the additional information required. The **provider** or **covered person** (or authorized representative) has forty-eight (48) hours to provide such information (may be oral unless written is requested). Upon timely response, the **provider** or **covered person** (or authorized representative) will be notified as soon as possible but no later than forty-eight (48) hours after receipt of additional information. Failure to submit requested information timely will result in an **adverse benefit determination** of such request.

If the **Health Care Management Organization** determines that benefits for the **hospital** stay or course of treatment should be decreased or terminated before the end of the fixed number of days and/or treatments, or the fixed time period that was previously approved, then the **Health Care Management Organization** shall:

- A. Notify the **provider** or **covered person** of the proposed change, and
- B. Allow the **covered person** to file an appeal and obtain a decision before the end of the fixed number of days and/or treatments, or the fixed time period that was previously approved.

If, at the end of previously approved benefits for a hospitalization or course of treatment, the **Health Care Management Organization** determines that continued **confinement** is no longer **medically necessary**, additional days will not be certified. (Refer to *Appealing an Adverse Benefit Determination of a Denied Pre-Service Claim* discussion below.)

NOTICE OF ADVERSE BENEFIT DETERMINATION ON A PRE-SERVICE CLAIM

If a pre-certification request is denied in whole or in part, the **plan administrator** (or its designee) shall provide the **covered person** (or authorized representative) with a written Notice of an Adverse Benefit Determination on a Pre-Service Claim within the time frames above.

The Notice of Adverse Benefit Determination on a Pre-Service Claim shall include an explanation of the denial, including:

- 1. Information sufficient to identify the claim involved.
- 2. The specific reasons for the denial, to include:
 - a. The denial code and its specific meaning, and
 - b. A description of the **Plan's** standards, if any, used when denying the claim.
- 3. Reference to the **Plan** provisions on which the **adverse benefit determination** is based.
- 4. A description of any additional material or information needed and an explanation of why such material or information is necessary.
- 5. A description of the **Plan's** claim appeal procedure and applicable time limits.
- 6. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Adverse Benefit Determination on a Pre-Service Claim will contain either:
 - a. A copy of that criterion, or
 - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
- 7. If the **adverse benefit determination** was based on **medical necessity**, **experimental/investigational** treatment or similar exclusion or limit, the **plan administrator** (or its designee) will supply either:

- a. An explanation of the scientific or clinical judgment, applying the terms of the *Plan* to the *covered person's* medical circumstances, or
- b. A statement that such explanation will be supplied free of charge, upon request.

APPEALING AN ADVERSE BENEFIT DETERMINATION OF A DENIED PRE-SERVICE CLAIM

A *covered person* (or authorized representative) may request a review of an *adverse benefit determination* of a pre-service claim by making a verbal or written request to the *claims processor* within one hundred eighty (180) calendar days from receipt of notification of the *adverse benefit determination* and stating the reasons the *covered person* feels the claim should not have been denied. If the *covered person* (or authorized representative) wishes to appeal the *adverse benefit determination* when the services in question have already been rendered, such an appeal will be considered as a separate post-service claim. (Refer to *Post-Service Claim Procedure* discussion above.)

The following describes the review process and rights of the *covered person* for a full and fair review:

1. The *covered person* has the right to submit documents, information and comments and to present testimony.
2. The *covered person* has the right to access, free of charge, *relevant information* to the claim for benefits.
3. Before a final determination on appeal is rendered, the *covered person* will be provided, free of charge, with any new or additional rationale or evidence considered, relied upon, or generated by the *Plan* in connection with the claim. Such information will be provided as soon as possible and sufficiently in advance of the notice of final internal determination to give the *covered person* an opportunity to respond. The period for providing notice of final determination on appeal will be tolled until the earliest of the following dates:
 - a. The date the *covered person* responds to the new or additional rationale or evidence; or
 - b. Three (3) weeks from the date the new or additional rationale or evidence was mailed to the *covered person*.
4. The review takes into account all information submitted by the *covered person*, even if it was not considered in the initial benefit determination.
5. The review by the *claims processor* will not afford deference to the original *adverse benefit determination*.
6. The *claims processor* will not be:
 - a. The individual who originally denied the claim, nor
 - b. Subordinate to the individual who originally denied the claim.
7. If the original *adverse benefit determination* was, in whole or in part, based on medical judgment:
 - a. The *claims processor* will consult with a *professional provider* who has appropriate training and experience in the field involving the medical judgment.
 - b. The *professional provider* utilized by the *claims processor* will be neither:
 - (i.) An individual who was consulted in connection with the original *adverse benefit determination*, nor
 - (ii.) A subordinate of any other *professional provider* who was consulted in connection with the original *adverse benefit determination*.
8. If requested, the *claims processor* will identify the medical or vocational expert(s) who gave advice in connection with the original *adverse benefit determination*, whether or not the advice was relied upon.

NOTICE OF PRE-SERVICE DETERMINATION ON APPEAL

The *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) with a written Notice of Appeal Decision as soon as possible, but not later than thirty (30) calendar days from receipt of the appeal (not applicable to *urgent care* claims).

If the appeal is denied, the Notice of Appeal Decision will contain an explanation of the decision, including:

1. The specific reasons for the *adverse benefit determination*.
2. Reference to specific *Plan* provisions on which the *adverse benefit determination* is based.
3. A statement that the *covered person* has the right to access, free of charge, *relevant information* to the claim for benefits.

4. A statement of the **covered person's** right to request an external review and a description of the process for requesting such a review.
5. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Appeal Decision will contain either:
 - a. A copy of that criterion, or
 - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
6. If the **adverse benefit determination** was based on **medical necessity, experimental/investigational** treatment or similar exclusion or limit, the **plan administrator** (or its designee) will supply either:
 - a. An explanation of the scientific or clinical judgment, applying the terms of the **Plan** to the claimant's medical circumstances, or
 - b. A statement that such explanation will be supplied free of charge, upon request.

CASE MANAGEMENT

In cases where the **covered person's** condition is expected to be or is of a serious nature, the **Health Care Management Organization** may arrange for review and/or case management services from a professional qualified to perform such services. The **plan administrator** shall have the right to alter or waive the normal provisions of the **Plan** when it is reasonable to expect a cost-effective result without a sacrifice to the quality of care.

In addition, the **Health Care Management Organization** may recommend (or change) alternative:

- methods of medical care or treatment;
- equipment; or
- supplies;

that differ from the medical care or treatment, equipment or supplies that are considered **covered expenses** under the **Plan**.

The recommended alternatives will be considered as **covered expenses** under the **Plan** provided the expenses can be shown to be viable, **medically necessary**, and are included in a written case management report or treatment plan proposed by the **Health Care Management Organization**.

Case management will be determined on the merits of each individual case, and any care or treatment provided will not be considered as setting any precedent or creating any future liability with respect to that **covered person** or any other **covered person**.

POST-SERVICE AND PRE-SERVICE CLAIM EXTERNAL APPEALS PROCEDURE

EXTERNAL APPEAL

A **covered person**, or the **covered person's** authorized representative, may request a review of an **adverse benefit determination** appeal if the claim determination involves medical judgment; whether items or services are subject to the requirements specified in numbers 1. through 6. in the subsection *Nonpreferred Provider*, under the section, *Preferred Provider or Nonpreferred Provider*; or a rescission by making written request to the **claims processor** within four (4) months of receipt of notification of the **final internal adverse benefit determination**. Medical judgment includes, but is not limited to:

1. **Medical necessity**;
2. Appropriateness;
3. **Experimental or investigational** treatment;
4. Health care setting;
5. Level of care; and
6. Effectiveness of a **covered expense**.

If there is no corresponding date four (4) months after the date of receipt of such a notice, then the request must be made by the first day of the fifth month following the receipt of the notice of ***final internal adverse benefit determination***. {Note: If the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1, or the next day if March 1st falls on a Saturday, Sunday or Federal holiday.}

RIGHT TO EXTERNAL APPEAL

Within five (5) business days of receipt of the request, the ***claims processor*** will perform a preliminary review of the request to determine if the request is eligible for external review, based on confirmation that the ***final internal adverse benefit determination*** was the result of:

1. Medical judgment;
2. Whether items or services are subject to the requirements specified in numbers 1. through 6. in the *Nonpreferred Provider subsection*, under the *Preferred Provider or Nonpreferred Provider section*; or
3. Rescission of coverage under this ***Plan***.

NOTICE OF RIGHT TO EXTERNAL APPEAL

The ***plan administrator*** (or its designee) shall provide the ***covered person*** (or authorized representative) with a written notice of the decision as to whether the claim is eligible for external review within one (1) business day after completion of the preliminary review.

The Notice of Right to External Appeal shall include the following:

1. The reason for ineligibility and the availability of the Employee Benefits Security Administration at 1-866-444-3272, if the request is complete but not eligible for external review.
2. If the request is incomplete, the information or materials necessary to make the request complete and the opportunity for the ***covered person*** to perfect the external review request by the later of the following:
 - a. The four (4) month filing period; or
 - b. Within the forty-eight (48) hour time period following the ***covered person's*** receipt of notification.

INDEPENDENT REVIEW ORGANIZATION

For external reviews by an Independent Review Organization (IRO), such IRO shall be accredited by URAC or a similar nationally recognized accrediting organization and shall be assigned to conduct the external review. The assigned IRO will timely notify the ***covered person*** in writing of the request's eligibility and acceptance for external review.

NOTICE OF EXTERNAL REVIEW DETERMINATION

The assigned IRO shall provide the ***plan administrator*** (or its designee) and the ***covered person*** (or authorized representative) with a written notice of the final external review decision within forty-five (45) days after receipt of the external review request.

The Notice of Final External Review Decision from the IRO is binding on the ***covered person***, the ***Plan*** and ***claims processor***, except to the extent that other remedies may be available under State or Federal law.

EXPEDITED EXTERNAL REVIEW

The ***plan administrator*** (or its designee) shall provide the ***covered person*** (or authorized representative) the right to request an expedited external review upon the ***covered person's*** receipt of either of the following:

1. An ***adverse benefit determination*** involving a medical condition for which the timeframe noted above for completion of an internal appeal would seriously jeopardize the health or life of the ***covered person*** or the

covered person's ability to regain maximum function and the **covered person** has filed an internal appeal request.

2. A **final internal adverse benefit determination** involving a medical condition for which the timeframe for completion of a standard external review would seriously jeopardize the health or life of the **covered person** or the **covered person's** ability to regain maximum function or if the **final internal adverse benefit determination** involves any of the following:
 - a. An admission,
 - b. Availability of care,
 - c. Continued stay, or
 - d. A health care item or service for which the **covered person** received **emergency services**, but has not yet been discharged from a **facility**.

Immediately upon receipt of the request for *Expedited External Review*, the **Plan** will do all of the following:

1. Perform a preliminary review to determine whether the request meets the requirements in the subsection, *Right to External Appeal*.
2. Send notice of the **Plan's** decision, as described in the subsection, *Notice of Right to External Appeal*.

Upon determination that a request is eligible for external review, the **Plan** will do all of the following:

1. Assign an IRO as described in the subsection, *Independent Review Organization*.
2. Provide all necessary documents or information used to make the **adverse benefit determination** or final **adverse benefit determination** to the IRO either by telephone, facsimile, electronically or other expeditious method.

The assigned IRO will provide notice of final external review decision as expeditiously as the **covered person's** medical condition or circumstances require, but in no event more than seventy-two (72) hours after receipt of the expedited external review request. The notice shall follow the requirements in the subsection, *Notice of External Review Determination*. If the notice of the expedited external review determination was not in writing, the assigned IRO shall provide the **plan administrator** (or its designee) and the **covered person** (or authorized representative) written confirmation of its decision within forty-eight (48) hours after the date of providing that notice.

COORDINATION OF BENEFITS

The *Coordination of Benefits* provision is intended to prevent duplication of benefits. It applies when the **covered person** is also covered by any Other Plan(s). When more than one coverage exists, one plan normally pays its benefits in full, referred to as the primary plan. The Other Plan(s), referred to as secondary plan, pays a reduced benefit. When coordination of benefits occurs, the total benefit payable by all plans will not exceed one hundred percent (100%) of "allowable expenses." Only the amount paid by this **Plan** will be charged against the **Essential Health Benefits/non-Essential Health Benefits maximum benefit**.

The *Coordination of Benefits* provision applies whether or not a claim is filed under the Other Plan(s). If another plan provides benefits in the form of services rather than cash, the reasonable value of the service rendered shall be deemed the benefit paid.

DEFINITIONS APPLICABLE TO THIS PROVISION

"Allowable Expenses" means any reasonable, necessary, and customary expenses **incurred** while covered under this **Plan**, part or all of which would be covered under this **Plan**. Allowable Expenses do not include expenses contained in the "Exclusions" sections of this **Plan**.

When this **Plan** is secondary, "Allowable Expense" will include any deductible or **coinsurance** amounts not paid by the Other Plan(s).

This **Plan** is not eligible to be elected as primary coverage in lieu of automobile benefits. Payments from automobile insurance will always be primary and this **Plan** shall be secondary only.

When this **Plan** is secondary, "Allowable Expense" shall not include any amount that is not payable under the primary plan as a result of a contract between the primary plan and a provider of service in which such provider agrees to accept a reduced payment and not to bill the **covered person** for the difference between the provider's contracted amount and the provider's regular billed charge.

"Other Plan" means any plan, policy or coverage providing benefits or services for, or by reason of medical, dental or vision care. Such Other Plan(s) do not include flexible spending accounts (FSA), health reimbursement accounts (HRA), health savings accounts (HSA), or individual medical, dental or vision insurance policies. "Other Plan" also does not include Tricare, **Medicare**, Medicaid or a state child health insurance program (CHIP). Such Other Plan(s) may include, without limitation:

1. Group insurance or any other arrangement for coverage for **covered persons** in a group, whether on an insured or uninsured basis, including, but not limited to, **hospital** indemnity benefits and **hospital** reimbursement-type plans;
2. **Hospital** or medical service organization on a group basis, group practice, and other group prepayment plans or on an individual basis having a provision similar in effect to this provision;
3. A licensed Health Maintenance Organization (HMO);
4. Any coverage for students which is sponsored by, or provided through, a school or other educational institution;
5. Any coverage under a government program and any coverage required or provided by any statute;
6. Group automobile insurance;
7. Individual automobile insurance coverage;

8. Individual automobile insurance coverage based upon the principles of "No-fault" coverage;
9. Any plan or policies funded in whole or in part by an employer, or deductions made by an employer from a person's compensation or retirement benefits;
10. Labor/management trustee, union welfare, employer organization, or employee benefit organization plans.

"This **Plan**" shall mean that portion of the **employer's Plan** which provides benefits that are subject to this provision.

"Claim Determination Period" means a calendar year or that portion of a calendar year during which the **covered person** for whom a claim is made has been covered under this **Plan**.

EFFECT ON BENEFITS

This provision shall apply in determining the benefits for a **covered person** for each claim determination period for the Allowable Expenses. If this **Plan** is secondary, the benefits paid under this **Plan** may be reduced so that the sum of benefits paid by all plans does not exceed 100% of total Allowable Expenses.

If the rules set forth below would require this **Plan** to determine its benefits before such Other Plan, then the benefits of such Other Plan will be ignored for the purposes of determining the benefits under this **Plan**.

ORDER OF BENEFIT DETERMINATION

Except as provided below in *Coordination with Medicare*, each plan will make its claim payment according to the first applicable provision in the following list of provisions which determine the order of benefit payment:

1. No Coordination of Benefits Provision
If the Other Plan contains no provisions for coordination of benefits, then its benefits shall be paid before all Other Plan(s).
2. Member/Dependent
The plan which covers the claimant directly pays before a plan that covers the claimant as a dependent.
3. Dependent Children of Parents not Separated or Divorced
The plan covering the parent whose birthday (month and day) occurs earlier in the year pays first. The plan covering the parent whose birthday falls later in the year pays second. If both parents have the same birthday, the plan that covered a parent longer pays first. A parent's year of birth is not relevant in applying this rule.
4. Dependent Children of Separated or Divorced Parents
When parents are separated or divorced, the birthday rule does not apply, instead:
 - a. If a court decree has given one parent financial responsibility for the child's health care, the plan of that parent pays first. The plan of the stepparent married to that parent, if any, pays second. The plan of the other natural parent pays third. The plan of the spouse of the other natural parent, if any, pays fourth.
 - b. In the absence of such a court decree, the plan of the parent with custody pays first. The plan of the stepparent married to the parent with custody, if any, pays second. The plan of the parent without custody pays third. The plan of the spouse of the parent without custody, if any, pays fourth.
5. Active/Inactive
The plan covering a person as an active (not laid off or retired) employee or as that person's dependent pays first. The plan covering that person as a laid off or retired employee, or as that person's dependent pays second.

6. Longer/Shorter Length of Coverage

If none of the above rules determine the order of benefits, the plan covering a person longer pays first. The plan covering that person for a shorter time pays second.

COORDINATION WITH MEDICARE

Individuals may be eligible for **Medicare** Part A at no cost if they: (i) are age 65 or older, (ii) have been determined by the Social Security Administration to be disabled, or (iii) have end stage renal disease. Participation in **Medicare** Part B and D is available to all individuals who make application and pay the full cost of the coverage.

1. When an **employee** becomes entitled to **Medicare** coverage (due to age or disability) and is still actively at work, the **employee** may continue health coverage under this **Plan** at the same level of benefits and contribution rate that applied before reaching **Medicare** entitlement.
2. When a **dependent** becomes entitled to **Medicare** coverage (due to age or disability) and the **employee** is still actively at work, the **dependent** may continue health coverage under this **Plan** at the same level of benefits and contribution rate that applied before reaching **Medicare** entitlement.
3. If the **employee** and/or **dependent** are also enrolled in **Medicare** (due to age or disability), this **Plan** shall pay as the primary plan. If, however, the **Medicare** enrollment is due to end stage renal disease, the **Plan's** primary payment obligation will end at the end of the thirty (30) month "coordination period" as provided in **Medicare** law and regulations. If the **employee** and/or **dependent** does not elect **Medicare**, but is otherwise eligible due to end stage renal disease, benefits will be paid as if **Medicare** has been elected and this **Plan** will pay secondary benefits upon completion of the thirty (30) month "coordination period."
4. Notwithstanding Paragraphs 1 to 3 above, if the **employer** (including certain affiliated entities that are considered the same employer for this purpose) has fewer than one hundred (100) **employees**, when a covered **dependent** becomes entitled to **Medicare** coverage due to **total disability**, as determined by the Social Security Administration, and the **employee** is actively-at-work, **Medicare** will pay as the primary payer for claims of the **dependent** and this **Plan** will pay secondary.
5. If the **employee** and/or **dependent** elect to discontinue health coverage under this **Plan** and enroll under the **Medicare** program, no benefits will be paid under this **Plan**. **Medicare** will be the only payor.
6. For a **retiree** eligible for **Medicare** due to age, **Medicare** shall be the primary payor and this **Plan** shall be secondary. If the **retiree** does not elect **Medicare**, but is otherwise eligible due to age, benefits will be paid as if **Medicare** has been elected and this **Plan** will pay secondary benefits.

This section is subject to the terms of the **Medicare** laws and regulations. Any changes in these related laws and regulations will apply to the provisions of this section.

LIMITATIONS ON PAYMENTS

In no event shall the **covered person** recover under this **Plan** and all Other Plan(s) combined more than the total Allowable Expenses offered by this **Plan** and the Other Plan(s). Nothing contained in this section shall entitle the **covered person** to benefits in excess of the total **Essential Health Benefits/non-Essential Health Benefits maximum benefit** of this **Plan** during the claim determination period. The **covered person** shall refund to the **employer** any excess it may have paid.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION

For the purposes of determining the applicability of and implementing the terms of this *Coordination of Benefits* provision, the **Plan** may, without the consent of or notice to any person, release to or obtain from any insurance company or any other organization any information, regarding other insurance, with respect to any **covered person**. Any person claiming benefits under this **Plan** shall furnish to the **employer** such information as may be necessary to implement the *Coordination of Benefits* provision.

FACILITY OF BENEFIT PAYMENT

Whenever payments which should have been made under this **Plan** in accordance with this provision have been made under any Other Plan, the **employer** shall have the right, exercisable alone and in its sole discretion, to pay over to any organization making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision. Amounts so paid shall be deemed to be benefits paid under this **Plan** and, to the extent of such payments, the **employer** shall be fully discharged from liability.

AUTOMOBILE ACCIDENT BENEFITS

The **Plan's** liability for expenses arising out of an automobile accident shall always be secondary to any automobile insurance, irrespective of the type of automobile insurance law that is in effect in the **covered person's** state of residence. Currently, there are three (3) types of state automobile insurance laws.

1. No-fault automobile insurance laws
2. Financial responsibility laws
3. Other automobile liability insurance laws

No Fault Automobile Insurance Laws. In no event will the **Plan** pay any claim presented by or on behalf of a **covered person** for medical benefits that would have been payable under an automobile insurance policy but for an election made by the principal named insured under the automobile policy that reduced covered levels and/or subsequent premium. This is intended to exclude, as a **covered expense**, a **covered person's** medical expenses arising from an automobile accident that are payable under an automobile insurance policy or that would have been payable under an automobile insurance policy but for such an election.

1. In the event a **covered person** incurs medical expenses as a result of **injuries** sustained in an automobile accident while “covered by an automobile insurance policy,” as an operator of the vehicle, as a passenger, or as a pedestrian, benefits will be further limited to medical expenses, that would in no event be payable under the automobile insurance.
2. For the purposes of this section the following people are deemed “covered by an automobile insurance policy.”
 - a. An owner or principal named insured individual under such policy.
 - b. A family member of an insured person for whom coverage is provided under the terms and conditions of the automobile insurance policy.
 - c. Any other person who, except for the existence of the **Plan**, would be eligible for medical expense benefits under an automobile insurance policy.

Financial Responsibility Laws. The **Plan** will be secondary to any potentially applicable automobile insurance even if the state’s “financial responsibility law” does not allow the **Plan** to be secondary.

Other Automobile Liability Insurance. If the state does not have a no-fault automobile insurance law or a “financial responsibility” law, the **Plan** is secondary to automobile insurance coverage or to any other person or entity who caused the **accident** or who may be liable for the **covered person's** medical expenses pursuant to the general rule for *Subrogation/Reimbursement*.

SUBROGATION/REIMBURSEMENT

The **Plan** is designed to only pay **covered expenses** for which payment is not available from anyone else, including any insurance company or another health plan. In order to help a **covered person** in a time of need, however, the **Plan** may pay **covered expenses** that may be or become the responsibility of another person, provided that the **Plan** later receives reimbursement for those payments (hereinafter called “Reimbursable Payments”).

Therefore, by enrolling in the **Plan**, as well as by applying for payment of **covered expenses**, a **covered person** is subject to, and agrees to, the following terms and conditions with respect to the amount of **covered expenses** paid by the **Plan**:

1. Assignment of Rights (Subrogation). The **covered person** automatically assigns to the **Plan** any rights the **covered person** may have to recover all or part of the same **covered expenses** from any party, including an insurer or another group health program (except flexible spending accounts, health reimbursement accounts and health savings accounts), but limited to the amount of Reimbursable Payments made by the **Plan**. This assignment includes, without limitation, the assignment of a right to any funds paid by a third party to a **covered person** or paid to another for the benefit of the **covered person**. This assignment applies on a first-dollar basis (*i.e.*, has priority over other rights), applies whether the funds paid to (or for the benefit of) the **covered person** constitute a full or a partial recovery, and even applies to funds actually or allegedly paid for non-medical or dental charges, attorney fees, or other costs and expenses. This assignment also allows the **Plan** to pursue any claim that the **covered person** may have, whether or not the **covered person** chooses to pursue that claim. By this assignment, the **Plan’s** right to recover from insurers includes, without limitation, such recovery rights against no-fault auto insurance carriers in a situation where no third party may be liable, and from any uninsured or underinsured motorist coverage.
2. Equitable Lien and other Equitable Remedies. The **Plan** shall have an equitable lien against any rights the **covered person** may have to recover the same **covered expenses** from any party, including an insurer or another group health program, but limited to the amount of Reimbursable Payments made by the **Plan**. The equitable lien also attaches to any right to payment from workers’ compensation, whether by judgment or settlement, where the **Plan** has paid **covered expenses** prior to a determination that the **covered expenses** arose out of and in the course of employment. Payment by workers’ compensation insurers or the employer will be deemed to mean that such a determination has been made.

This equitable lien shall also attach to any money or property that is obtained by anybody (including, but not limited to, the **covered person**, the **covered person’s** attorney, and/or a trust) as a result of an exercise of the **covered person’s** rights of recovery (sometimes referred to as “proceeds”). The **Plan** shall also be entitled to seek any other equitable remedy against any party possessing or controlling such proceeds. At the discretion of the **plan administrator**, the **Plan** may reduce any future **covered expenses** otherwise available to the **covered person** under the **Plan** by an amount up to the total amount of Reimbursable Payments made by the **Plan** that is subject to the equitable lien.

This and any other provisions of the **Plan** concerning equitable liens and other equitable remedies are intended to meet the standards for enforcement under ERISA that were enunciated in the United States Supreme Court’s decision entitled, Great-West Life & Annuity Insurance Co. v. Knudson, 534 US 204 (2002). The provisions of the **Plan** concerning subrogation, equitable liens and other equitable remedies are also intended to supercede the applicability of the federal common law doctrines commonly referred to as the “make whole” rule and the “common fund” rule.

3. Assisting in **Plan’s** Reimbursement Activities. The **covered person** has an obligation to assist the **Plan** to obtain reimbursement of the Reimbursable Payments that it has made on behalf of the **covered person**, and to provide the **Plan** with any information concerning the **covered person’s** other insurance coverage (whether through automobile insurance, other group health program, or otherwise) and any other person or entity (including their insurer(s)) that may be obligated to provide payments or benefits to or for the benefit of the **covered person**. The **covered person** is required to (a) cooperate fully in the **Plan’s** (or any **Plan** fiduciary’s)

enforcement of the terms of the **Plan**, including the exercise of the **Plan's** right to subrogation and reimbursement, whether against the **covered person** or any third party, (b) not do anything to prejudice those enforcement efforts or rights (such as settling a claim against another party without including the **Plan** as a co-payee for the amount of the Reimbursable Payments and notifying the **Plan**), (c) sign any document deemed by the **plan administrator** to be relevant to protecting the **Plan's** subrogation, reimbursement or other rights, and (d) provide relevant information when requested. The term "information" includes any documents, insurance policies, police reports, or any reasonable request by the **plan administrator** or **claims processor** to enforce the **Plan's** rights.

The **plan administrator** has delegated to the **claims processor** for medical claims the right to perform ministerial functions required to assert the **Plan's** rights with regard to such claims and benefits; however, the **plan administrator** shall retain discretionary authority with regard to asserting the **Plan's** recovery rights.

GENERAL PROVISIONS

ADMINISTRATION OF THE PLAN

The ***Plan*** is administered through the Human Resources Department of the ***employer***. The ***employer*** is the ***plan administrator***. The ***plan administrator*** shall have full charge of the operation and management of the ***Plan***. The ***employer*** has retained the services of an independent ***claims processor*** experienced in claims review.

The ***employer*** is the sponsor of the ***Plan***. The ***employer*** maintains authority to review all denied claims under appeal for benefits under the ***Plan***. The ***employer*** maintains authority to interpret the terms of the ***Plan***, including but not limited to, determination of eligibility for and entitlement to ***Plan*** benefits in accordance with the terms of the ***Plan***; any interpretation or determination made pursuant to such authority shall be given full force and effect, unless it can be shown that the interpretation or determination was arbitrary and capricious.

APPLICABLE LAW

Except to the extent preempted by federal law, all provisions of the ***Plan*** shall be construed and administered in a manner consistent with the requirements under the laws of the State of Georgia.

ASSIGNMENT

Coverage and the ***covered person's*** rights under this ***Plan*** may not be assigned. A direction to pay a provider is not an assignment of any right under this ***Plan*** or of any legal or equitable right to institute any court proceeding.

Payment of Benefits

Benefits will be processed as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits. All covered health benefits are payable to the ***covered person***. However, the ***Plan*** has the right to pay any health benefits to the service provider. This will be done unless the ***covered person*** has told the ***claims processor*** otherwise by the time the ***covered person*** files the claim and a reasonable amount of time for the ***claims processor*** to process the ***covered person's*** request.

Preferred providers normally bill the ***Plan*** directly. If services, supplies or treatments have been received from such a provider, benefits are automatically paid to that provider. The ***covered person's*** portion of the ***negotiated rate***, after the ***Plan's*** payment, will then be billed to the ***covered person*** by the ***preferred provider***.

The ***Plan*** will pay benefits to the responsible party of an ***alternate recipient*** as designated in a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN).

Additional Provisions

The ***Plan's***, ***plan sponsor's*** or ***claim processor's*** failure to implement or insist upon compliance with any provision of this ***Plan*** at any given time or times, shall not constitute a waiver of the right to implement or insist upon compliance with that provision at any other time or times.

BENEFITS NOT TRANSFERABLE

Except as otherwise stated herein, no person other than an eligible ***covered person*** is entitled to receive benefits under the ***Plan***. Such right to benefits is not transferable.

CLAIM EDITS

Claim edits derived from nationally recognized standards, including but not limited to: CPT, HCPCS, ICD-10 and modifiers, may be applied to ***covered expenses*** to ensure appropriate valid code relationships and to identify bundling and unbundling scenarios. As a result, ***covered expenses*** may be reduced.

CLERICAL ERROR

No clerical error on the part of the ***employer*** or ***claims processor*** shall operate to defeat any of the rights, privileges, services, or benefits of any ***employee*** or any ***dependent(s)*** hereunder, nor create or continue coverage which would not otherwise validly become effective or continue in force hereunder. An equitable adjustment of contributions and/or benefits will be made when the error or delay is discovered. However, if more than six (6) months has elapsed prior to discovery of any error, any adjustment of contributions shall be waived. No party shall be liable for the failure of any other party to perform.

CONFORMITY WITH STATUTE(S)

Any provision of the ***Plan*** which is in conflict with statutes which are applicable to the ***Plan*** is hereby amended to conform to the minimum requirements of said statute(s).

EFFECTIVE DATE OF THE PLAN

The ***effective date*** of the modifications contained herein is January 1, 2024.

FORCE MAJEURE

Should the performance of any act required by this coverage be prevented or delayed by reason of any act of God, strike, lock-out, labor troubles, restrictive government laws or regulations, or any other cause beyond a party's control, the time for the performance of the act will be extended for a period equivalent to the period of delay, and non-performance of the act during the period of delay will be excused. In such an event, however, all parties shall use reasonable efforts to perform their respective obligations.

The ***claims administrator*** will adhere to the ***plan sponsor's*** instructions and allow the ***plan sponsor*** to meet all of the Plan Sponsor's responsibilities under applicable state and federal law. It is the ***plan sponsor's*** responsibility to adhere to all applicable state and federal laws and the ***claims administrator*** does not assume any responsibility for compliance.

FRAUD OR INTENTIONAL MISREPRESENTATION

If the ***covered person*** or anyone acting on behalf of a ***covered person*** makes a false statement on the application for enrollment, or withholds information with intent to deceive or affect the acceptance of the enrollment application or the risks assumed by the ***Plan***, or otherwise misleads the ***Plan***, the ***Plan*** shall be entitled to recover its damages, including legal fees, from the ***covered person***, or from any other person responsible for misleading the ***Plan***, and from the person for whom the benefits were provided. Any fraud or intentional misrepresentation of a material fact on the part of the ***covered person*** or an individual seeking coverage on behalf of the individual in making application for coverage, or any application for reclassification thereof, or for service thereunder is prohibited and shall render the coverage under the ***Plan*** null and void.

FREE CHOICE OF HOSPITAL AND PHYSICIAN

Nothing contained in the ***Plan*** shall in any way or manner restrict or interfere with the right of any person entitled to benefits hereunder to select a ***hospital*** or to make a free choice of the attending ***physician*** or ***professional provider***. However, benefits will be paid in accordance with the provisions of the ***Plan***, and the ***covered person*** may have higher out-of-pocket expenses if the ***covered person*** uses the services of a ***nonpreferred provider***.

INCAPACITY

If, in the opinion of the **employer**, a **covered person** for whom a claim has been made is incapable of furnishing a valid receipt of payment due him and in the absence of written evidence to the **Plan** of the qualification of a guardian or personal representative for his estate, the **employer** may on behalf of the **Plan**, at his discretion, make any and all such payments to the provider of services or other person providing for the care and support of such person. Any payment so made will constitute a complete discharge of the **Plan's** obligation to the extent of such payment.

INCONTESTABILITY

All statements made by the **employer** or by the **employee** covered under the **Plan** shall be deemed representations and not warranties. Such statements shall not void or reduce the benefits under the **Plan** or be used in defense to a claim unless they are contained in writing and signed by the **employer** or by the **covered person**, as the case may be. A statement made shall not be used in any legal contest unless a copy of the instrument containing the statement is or has been furnished to the other party to such a contest.

LEGAL ACTIONS

The decision by the **plan administrator/claims processor** on review will be final, binding, and conclusive, and will be afforded the maximum deference permitted by law. All claim review procedures provided for in this **Plan** Document must be exhausted before any legal or equitable action is brought. Notwithstanding any other state or federal law, any and all legal actions to recover benefits, whether against the **Plan**, **plan administrator/claims processor**, any other fiduciary, or their employees, must be filed within one (1) year from the date all claim review procedures provided for in this **Plan** Document have been exhausted.

LIMITS ON LIABILITY

Liability hereunder is limited to the services and benefits specified, and the **employer** shall not be liable for any obligation of the **covered person incurred** in excess thereof. The **employer** shall not be liable for the negligence, wrongful act, or omission of any **physician, professional provider, hospital**, or other institution, or their employees, or any other person. The liability of the **Plan** shall be limited to the reasonable cost of **covered expenses** and shall not include any liability for suffering or general damages.

LOST DISTRIBUTEES

Any benefit payable hereunder shall be deemed forfeited if the **plan administrator** is unable to locate the **covered person** to whom payment is due, provided, however, that such benefits shall be reinstated if a claim is made by the **covered person** for the forfeited benefits within the time prescribed in the applicable Claim Filing Procedure section of this document.

MEDICAID ELIGIBILITY AND ASSIGNMENT OF RIGHTS

The **Plan** will not take into account whether an individual is eligible for, or is currently receiving, medical assistance under a state plan for medical assistance as provided under Title XIX of the Social Security Act ("State Medicaid Plan") either in enrolling that individual as a **covered person** or in determining or making any payment of benefits to that individual. The **Plan** will pay benefits with respect to such individual in accordance with any assignment of rights made by or on behalf of such individual as required under a state Medicaid plan pursuant to § 1912(a)(1)(A) of the Social Security Act. To the extent payment has been made to such individual under a state Medicaid Plan and this **Plan** has a legal liability to make payments for the same services, supplies or treatment, payment under the **Plan** will be made in accordance with any state law which provides that the state has acquired the rights with respect to such individual to payment for such services, supplies or treatment under the **Plan**.

PHYSICAL EXAMINATIONS REQUIRED BY THE PLAN

The ***Plan***, at its own expense, shall have the right to require an examination of a person covered under the ***Plan*** when and as often as it may reasonably require during the pendency of a claim.

PLAN IS NOT A CONTRACT

The ***Plan*** shall not be deemed to constitute a contract between the ***employer*** and any ***employee*** or to be a consideration for, or an inducement or condition of, the employment of any ***employee***. Nothing in the ***Plan*** shall be deemed to give any ***employee*** the right to be retained in the service of the ***employer*** or to interfere with the right of the ***employer*** to terminate the employment of any ***employee*** at any time.

PLAN MODIFICATION AND AMENDMENT

The ***employer*** may modify or amend the ***Plan*** from time to time at its sole discretion, and such amendments or modifications which affect ***covered persons*** will be communicated to the ***covered persons***. Any such amendments shall be in writing, setting forth the modified provisions of the ***Plan***, the ***effective date*** of the modifications, and shall be signed by the ***employer's*** designee.

Such modification or amendment shall be duly incorporated in writing into the master copy of the ***Plan*** on file with the ***employer***, or a written copy thereof shall be deposited with such master copy of the ***Plan***. Appropriate filing and reporting of any such modification or amendment with governmental authorities, if applicable, and to ***covered persons*** shall be timely made by the ***employer***.

PLAN TERMINATION

The ***employer*** reserves the right to terminate the ***Plan*** at any time. Upon termination, the rights of the ***covered persons*** to benefits are limited to claims ***incurred*** up to the date of termination. Any termination of the ***Plan*** will be communicated to the ***covered persons***.

PRONOUNS

All personal pronouns used in the ***Plan*** shall include either gender unless the context clearly indicates to the contrary.

RECOVERY FOR OVERPAYMENT

Whenever payments have been made from the ***Plan*** in excess of the maximum amount of payment necessary, the ***Plan*** will have the right to recover these excess payments. If the ***Plan*** makes any payment that, according to the terms of the ***Plan***, should not have been made, the ***Plan*** may recover that incorrect payment, whether or not it was made due to the ***Plan's*** or the ***Plan*** designee's own error, from the person or entity to whom it was made or from any other appropriate party.

SEVERABILITY

Should any part of this ***Plan*** subsequently be invalidated by a court of competent jurisdiction, the remainder of the ***Plan*** shall be given effect to the maximum extent possible.

STATUS CHANGE

If an ***employee*** or ***dependent*** has a status change while covered under this ***Plan*** (*i.e.*, ***dependent*** to ***employee***, COBRA to active) and no interruption in coverage has occurred, the ***Plan*** will provide continuous coverage with respect to any deductible(s), ***coinsurance*** and ***Essential Health Benefits/non-Essential Health Benefits maximum benefit***.

TIME EFFECTIVE

The effective time with respect to any dates used in the ***Plan*** shall be 12:01 a.m. as may be legally in effect at the address of the ***plan administrator***.

WORKERS' COMPENSATION NOT AFFECTED

This ***Plan*** is not in lieu of, and does not affect any requirement for, coverage by Workers' Compensation Insurance.

This ratio is then multiplied by the ***qualifying payment amount*** for the related service code for the year in which the item or service is furnished.

- ii. If the Centers for Medicare & Medicaid Services has not established a **Medicare** payment rate for the item or service billed under the new service code, the **qualifying payment amount** will be calculated by first calculating the ratio of the rate that this **Plan** reimburses for the new service code compared to the rate this **Plan** reimburses for the related service code. This ratio is then multiplied by the **qualifying payment amount** for the related service code.
- e. For items or services furnished after 2022 and billed under a new service code, the **qualifying payment amount** described in letter d. above will be increased for inflation in accordance with the percentage increase in the CPI-U published by federal regulators.
- f. For anesthesia services furnished during 2022, the **median contracted rate** for the **anesthesia conversion factor** on January 31, 2019 increased for inflation in accordance with the increase in the CPI-U published by federal regulators (referred to as the indexed **median contracted rate** for the **anesthesia conversion factor**), multiplied by the sum of the **base unit**, time unit (measured in 15-minute increments or a fraction thereof), and **physical status modifier** unit. For anesthesia services furnished during 2023 or later, the indexed **median contracted rate** for the **anesthesia conversion factor** will be based on the same or similar item or service in the immediately preceding year.
- g. For air ambulance services billed using air mileage service codes (A0435 and A0436), the **median contracted rate** increased for inflation in accordance with the increase in the CPI-U published by federal regulators (referred to as the indexed median **air mileage rate**), multiplied by the number of loaded miles (the number of miles a patient is transported in the air ambulance vehicle). The **qualifying payment amount** for other service codes associated with air ambulance services is calculated consistent with a. through e above.
- h. For any other items or services where payment is determined by multiplying a **contracted rate** by another unit value, the **qualifying payment amount** for such items or services will be based on a calculation methodology similar to f. and g. above.
